Upon consideration of the motions to govern future proceedings it is

ORDERED that the Order on Reconsideration, WC Docket No. 12-375, FCC 16-102 (Aug. 4, 2016), be summarily vacated insofar as it purports to set rate caps on inmate calling service. As all parties agree, the amended rate caps in the Order on Reconsideration are premised on the same legal framework and mathematical methodology that this court rejected in Global TelLink v.
