

CERTIFIED MAIL-RETURN RECEIPT REQUESTED

October 13, 2017

Mr. Pedro Aranda
President & CEO
Aranda Tooling Inc.
15391 Springdale Street
Huntington Beach, CA 92649

RE: EB-FIELDNER-17-00024541

Dear Mr. Aranda:

The Federal Communications Commission has previously notified you by letter on June 20, 2017, that it has received complaints of harmful radio interference apparently caused by electrical or electronic equipment operated by Aranda Tooling located at 15301 and 15391 Springdale Street in Huntington Beach. This interference has been reported by an operator in the Amateur Radio Service. The complainant is:

(Name withheld)
(Address withheld)
Huntington Beach, CA 92647
Tel: (Number withheld)

In this letter, you were advised that this problem, if unresolved, could be a violation of FCC rules and could result in a monetary forfeiture. For this reason, we encouraged the parties involved to voluntarily resolve this matter without FCC intervention. If however it became necessary to facilitate a resolution, the FCC might investigate possible rules violations and address appropriate remedies, including monetary forfeiture.

You were further advised to inform the complainant within 60 days of what steps would be taken to correct this reported interference problem. In addition, if unable to resolve this matter within 60 days, you were advised to inform this office about the nature of the problem, the steps being taken to resolve it and the estimated time in which those steps can be accomplished.

In order to avoid possible enforcement action, please advise this office within 20 days of receiving this letter of what action you have made, or intend to make, in order to identify and correct the source of these radio emissions if they are being caused by your equipment.

If you have any questions about this matter, please contact me in writing at 1270 Fairfield Road, Gettysburg, Pennsylvania 17325.

Sincerely,

Laura L. Smith
Special Counsel
Spectrum Enforcement Division
Enforcement Bureau
