

FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON

OFFICE OF
THE CHAIRMAN

June 8, 2018

The Honorable Mike Thompson
U.S. House of Representatives
231 Cannon Senate Office Building
Washington, D.C. 20515

Dear Congressman Thompson:

Thank you for your letter regarding the Lifeline program. I am committed to bridging the digital divide, and, like you, I believe the Lifeline program can help do just that. That is why the Commission adopted the *2017 Lifeline Reform Order*, which seeks to focus Lifeline support where it is most needed and incentivize investment in networks that enable 21st Century connectivity for all Americans. The *Order* increased consumer choice by eliminating restrictions that barred Lifeline consumers from changing Lifeline providers for a year and protected consumers by barring low-quality services that offered mobile broadband in theory but failed to do so in practice.

At the same time, I am deeply committed to ensuring that the Commission fulfills its obligation to be a responsible steward of the Universal Service Fund. It is critical to strengthen the Lifeline program's efficacy and integrity by reducing the waste, fraud, and abuse that has run rampant in this program for the better part of a decade. For example, GAO discovered 1,234,929 Lifeline subscribers who apparently were not eligible to participate in the program as well as 6,378 individuals who apparently enrolled or recertified after being reported as deceased. That limited sample alone constituted more than \$137 million in abuse each year.

I agree with you that the National Verifier will be one important tool in eliminating this waste, fraud, and abuse. But it is not the only one, nor will it solve all the problems with the program. It simply isn't prudent to sit idly by when hundreds of millions of taxpayer dollars are at stake. That's why the Commission last year sought comment on a wide variety of measures to improve the administration of the Lifeline program—from re-empowering state commissions to police Lifeline carriers to partnering with states to stand up the National Verifier, from improving program audits to adopting a self-enforcing budget. We are currently reviewing the record that has been compiled in response to that Notice of Proposed Rulemaking to determine the best path forward, and your letter has been added to that record. Please be assured that we will take into consideration the issues and concerns presented by all stakeholders as the Commission concludes its review.

The Lifeline program's goal is—or should be—to empower consumers, not companies. And that will be our lodestar as we move forward to ensure that unscrupulous companies stop abusing this important program.
