Report No. SAT-01327

Friday July 6, 2018

Satellite Policy Branch Information Space Station Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-AMD-20180104-00004 E S2994 WorldVu Satellites Limited
Date Filed: 01/04/2018 16:29:12:46600
Amendment

WorldVu Satellites Limited (d/b/a OneWeb) has filed an amendment to its petition for U.S. market access for its proposed non-geostationary, fixed-satellite service system in the 37.5-43.5 GHz, 47.2-50.2 GHz, and 50.4-51.4 GHz bands. In the amendment, OneWeb further seeks U.S. market access in the 10.7-12.7 GHz, 12.75-13.25 GHz, 13.75-14.5 GHz, 15.43-15.63 GHz, 17.8-18.6 GHz, 18.8-20.2 GHz, 27.5-30 GHz, 71-76 GHz, and 81-86 GHz bands. OneWeb also asks to increase from 1,280 to 2,560 the number of satellites that would operate at a nominal altitude of 8,500 km. OneWeb requests waiver of 47 CFR §§ 2.106, 25.112(a)(3), 25.116(c), 25.137(d)(5), 25.155(b), 25.157(c), 25.159(b), and of the Commission's band plans to the extent necessary. Although we accept OneWeb's application for filing in all frequency bands listed above, we do not make any determination about the need to initiate any new processing round at this time.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 1-888-835-5322.
