NOTICE OF UNLICENSED OPERATION

Case Number: EB-FIELDNER-18-00027334

On June 6, 2018 and July 19, 2018, Agents from the Chicago and New York Offices of the Federal Communications Commission's (Commission's) Enforcement Bureau investigated an unlicensed FM station operating on the frequency 107.3 MHz in Bridgeport, Connecticut. On both of these dates, the Agents confirmed by direction finding techniques that radio signals on frequency 107.3 MHz were emanating from a residential property on 88 Wheeler Avenue in Bridgeport, Connecticut. Through investigation, the Agents confirmed that you are the operator of the unlicensed radio station. The Commission's records show that no license was issued for operation of a radio station on 107.3 MHz at this location in Bridgeport, Connecticut.

Radio stations operating on a range of frequencies,¹ including 107.3 MHz, must be licensed by the Commission pursuant to Section 301 of the Communications Act of 1934, as amended (Act).² The only exception to this licensing requirement is for certain transmitters using or operating at a power level or mode of operation that complies with the standards established in Part 15 of the Commission's rules.³ The Agents found that the station at your residence was operating at a power level that exceeds the level permitted by Part 15. On July 6, 2018 and July 19, 2018, Agents measured the field strength of the signal on the frequency 107.3 MHz for the station and found that it exceeded the maximum permitted level of 250 $\mu\text{V}/\text{m}$ at 3 meters for non-licensed devices. Therefore, this station was operating in violation of Section 301 of the Act.⁴

¹ 47 CFR § 73.201.

² 47 U.S.C. § 301.

³ 47 CFR §§ 15.1 *et seq.*

⁴ 47 U.S.C. § 301.

You are hereby warned that operation of radio transmitting equipment without a valid radio station authorization constitutes a violation of the Federal laws cited above and will subject the operator to severe penalties, including, but not limited to, *in rem* seizure of the offending radio equipment without further notice, substantial fines, and criminal sanctions, including imprisonment.⁵

UNLICENSED OPERATION OF THIS RADIO STATION MUST BE DISCONTINUED IMMEDIATELY AND MUST NOT RESUME.

You have ten (10) days from the date of this notice to respond with any evidence that you have authority to operate granted by the FCC. Your response should be sent to the address in the letterhead and reference the listed case number. Under the Privacy Act of 1974,⁶ we are informing you that the Commission's staff will use all relevant material information before it to determine what, if any, enforcement action is required to ensure your compliance with FCC Rules. This will include any information that you disclose in your reply.

You may contact this office if you have any questions.
