This is an unofficial compilation of the radio services and requests for FCC actions that are subject to fees. The public should consult the Commission's rules as set out in Title 47 of the Code of Federal Regulations (CFR) for application filing requirements. Further information on fees may be obtained in Part 1, Subpart G of the CFR or in the Commission's official decision implementing the Congressional Schedule of Charges. This decision is published in the FCC Record or may be purchased from the Commission's current copy contractor.

The fee amounts contained in this guide are subject to review annually and may result in changes to these amounts. The FCC will issue a notice to reflect any changes.

INTRODUCTION

The authority for the Federal Communications Commission to impose and collect fees and associated charges is contained in Title III, § 3001 of the Omnibus Budget Reconciliation Act of 1989 (Public Law 101-39), § 8, revising 47 U.S.C. § 158, which directs the Commission to prescribe charges for certain types of services it provides to communications entities over which it has jurisdiction.

This Fee Filing Guide is considered a reference guide to identify and describe the entire fee filing requirements for the Wireless Telecommunications Bureau. It is meant to be a handy reference of the services and requests for FCC actions that are subject to a fee. The guide contains a breakdown of the types of applications, form numbers, fee amounts, payment type codes, and the mailing address for each service provided.

If further information is required that cannot be answered in this guide, please consult the Commission's rules as set forth in Title 47, Part 1, Subpart G, of the Code of Federal Regulations (CFR). Copies of the CFR may be purchased from the U.S. Government Printing Office, Superintendent of Documents, Mail Stop SSOP, Washington, DC 20402-9328, Telephone (202) 512-1800. Additional copies of this guide may be obtained without charge by calling (202) 418-3676, outside the Washington area (800) 418-3676. All fees are subject to modification as required by Congress.

FILING INFORMATION

If you wish to conduct business with the FCC, you need an FCC Registration number (FRN). This number is mandatory for a filing and used to uniquely identify you in all transactions with the FCC. It is important to have the FRN available when contacting or submitting documents to the FCC. Unless the payer and the applicant are the same person or entity, a separate FRN number must be used for the payer and for the applicant. If you are acting as an agent for an entity, and the remittance (*i.e.*, check or credit card) carries your name as an official designated to pay on behalf of the entity, you must include the entity's name both as payer and application in order to use the same FRN. Failure to follow these instructions will result in your application being returned as unprocessable.

OBTAINING YOUR FCC REGISTRATION NUMBER (FRN)

- Go to www.fcc.gov, click [FCC Registration Number \(FRN\) Commission Registration System \(CORES\)](#) link at the left of the page.
- Check your pre-assigned number at www.fcc.gov, [FCC Registration Number \(FRN\) Commission Registration System \(CORES\)](#) link at the left of the page.
- File FCC 160, (CORES Registration). You may obtain the form at <http://www.fcc.gov/forms>. Mailing instructions are on the form.

If you are unable to register electronically, you can still submit your application for a Registration Number (FCC 160) directly to U. S. Bank (along with your filing documents and payment) or fax the FRN registration form to the CORES Helpdesk at (202) 418-7869 for some filing procedures. U. S. Bank will register you and you will receive a confirmation letter from the FCC through the U.S. Postal Service mail.

PASSWORD RESET

If you forget your password for your FRN:

- Go to www.fcc.gov and click on the [FCC Registration Number \(FRN\) Commission Registration System \(CORES\)](#) link at the left of the page and then click on UPDATE. This will take you to where you originally registered. Under the block where you are to enter your password, click on [online password reset](#) and the system will walk you through to reset your password.
- You can request a password reset at <https://esupport.fcc.gov/password.htm>.
- You can request a Personal Security Question (PSQ) at <https://esupport.fcc.gov/psq.htm>
- Questions regarding PSQ and password resets can be addressed by calling the FCC at 1-877-480-3201, Option 1.

REMINDER REGARDING LOCKBOX CLOSURES

During the past few years, the Commission has been reducing its use of P.O. Boxes for the collection of fees and has encouraged the use of electronic payment systems for all application and regulatory fees.¹ The electronic payment of fees for applications, tariffs, and petitions increases the agency's financial efficiency by reducing expenditures, including the annual fee for utilizing the bank's services and the cost of processing each transaction manually, with very little or no inconvenience to the regulatees, applicants, and the public.² As part of this process, the Commission has closed Lockbox 979092 (used to submit fees and petitions related to services provided by the Public Safety & Homeland Security Bureau) and Lockbox 979091 (used to submit

¹ The Commission previously revised its payment rules to encourage electronic payment of application processing fees and require electronic payment of regulatory fees. 47 C.F.R. §§ 1.1112 (application fees) and 1.1158 (regulatory fees). These rules became effective November 30, 2015. 80 FR 66816 (Oct. 30, 2015).

² See Treasury Financial Manual, Bulletin No. 2017-12, "Agency No-Cash or No-Check Policies," released on September 18, 2017 (explaining the circumstances under which agencies may decide not to accept payments made in cash or by check), available at <https://tfm.fiscal.treasury.gov/v1/bull/17-12.pdf>; see also <https://www.gpo.gov/fdsys/pkg/FR-2011-06-16/pdf/2011-15181.pdf>.

fees and petitions related to services provided by the Wireline Competition Bureau).³ Additional closings will occur in coming months. As these Lockboxes are closed, filers will be required to submit payments electronically in accordance with the procedures set forth on the Commission's web site, <https://www.fcc.gov/licensingdatabases/fees>. Payments can be made through the Fee Filer Online System (Fee Filer), accessible at <https://www.fcc.gov/licensing-databases/fees/fee-filer>, although we caution filers that the agency may transition to other secure payment systems in the future, after appropriate public notice and guidance. To file applications, tariffs, and petitions, parties should utilize, as applicable, the Commission's Electronic Tariff Filing System for tariffs, which can be found at <https://apps.fcc.gov/etfs/etfsHome.action>, or the Electronic Comment Filing System (ECFS), which can be found at <http://apps.fcc.gov/ecfs/upload/display>. Petitions filed in hard copy format should be submitted according to the procedures set forth on the web page of the Commission's Office of the Secretary, <https://www.fcc.gov/seretary>.

METHOD OF PAYMENT (DO NOT SEND CASH)

NOTE: The U.S. Treasury will reject Credit Card transactions greater than \$24,999.99. This limit includes multiple transactions on the same Credit Card totaling more than this limit in a single day. For transactions greater than \$24,999.99, an alternative method of payment must be used. Payment methods can be found at <http://www.fcc.gov/fees>.

{Reference: Treasury Bulletin No. 2005-03 (<http://www.fms.treas.gov/TFM/vol1/bull.html>)}.

- **Online Payment** - Online credit card payments are encouraged. Online credit card payment is an available option when filing electronic application submissions. The Commission will accept Visa, MasterCard, American Express, and Discover credit cards. If you choose this method of combined filing/payment, do not send an FCC 159 to U. S. Bank.
- **Pay Fees** - Individual ULS applicants who have already submitted applications earlier but did not pay while filing can use Pay Fees. Visit <http://wireless.fcc.gov/uls> and click on **Pay Fees** under the 'Quick Links'. For ULS users who submit a large volume of applications for wireless licenses using [Electronic Batch Filing \(EBF\)](#), Pay Fees enables you to pay your fees online by credit card and submit FCC 159 applications simultaneously. The Commission will accept Visa, MasterCard, American Express, and Discover credit cards. **The applicant must remit payment within 10 calendar days of submitting the application, or the application will be dismissed. Payment received more than ten (10) days after electronic filing of an application on a Bureau/Office electronic filing system (e.g., ULS) will be forfeited (see §§1.934 and 1.1111).**
- **Form of payment:** Per § 1.1112 (a) of the Commission's rules, the form of payment of annual and multiple year regulatory fees must be paid electronically as described in Section 1.1112(e).1 Fee payments, other than annual and multiple year regulatory fee payments, should be in the form of a check, cashier's check, or money order denominated in U.S. dollars and drawn on a United States financial institution and made payable to the Federal Communications Commission or by a Visa, MasterCard, American Express, or Discover credit card. No other credit card is acceptable. Fees for applications and other filings paid by credit card will not be accepted unless the credit card section of FCC Form 159 is completed in full. The Commission discourages applicants from submitting cash and will not be responsible for cash sent through the mail. Personal or corporate checks dated more than six months prior to their submission to the Commission's lockbox bank and postdated checks will not be accepted

³ *Amendment of Part 1 of the Commission's Rules*, Order, MD Docket No. 17-123, 32 FCC Rcd 4203 (2017) (modifying Section 1.1109 of the Commission's rules to delete reference to P.O. Box 979092 at U.S. Bank in St. Louis, Missouri); *Amendment of Parts 0, 1, 51, and 61 of the Commission's Rules*, Order, MD Docket No. 17-357, 32 FCC Rcd 10565 (2017) (modifying Section 1.1105 of the Commission's rules to delete reference to P.O. Box 979091 at U.S. Bank in St. Louis, Missouri).

and will be returned as deficient. Third party checks (*i.e.*, checks with a third party as maker or endorser) will not be accepted.

- **Form of Payment for Annual and Multiple Year Regulatory Fees:** Per § 1.1158 of the Commission's rules, any annual and multiple year regulatory fee payment must be submitted by online Automatic Clearing House (ACH) payment, online Visa, MasterCard, American Express, or Discover credit card payment, or wire transfer payment denominated in U.S. dollars and drawn on a United States financial institution and made payable to the Federal Communications Commission. No other credit card is acceptable. Any other form of payment for annual and multiple year regulatory fees (*e.g.*, paper checks, cash) will be rejected and sent back to the payor. The Commission will not be responsible for cash, under any circumstances, sent through the mail.

If you cannot file electronically you may elect to file manually provided the radio service is eligible for manual filing.

- **Mail In Payment** - Applicants can file online and not make a payment immediately and print the FCC 159 provided at the end of the submission. The FCC 159 along with form of payment should then be submitted to Federal Communications Commission P. O. Box 979097, St. Louis, MO 63197-9000. **Again, the applicant must remit payment within 10 calendar days of submitting the application, or the application will be dismissed. Payment received more than ten (10) days after electronic filing of an application on a Bureau/Office electronic filing system (*e.g.*, ULS) will be forfeited (see §§1.934 and 1.1111).** Payment of application fees may be made by check, bank draft, money order, credit card or wire transfer. If paying by check, bank draft, money order or wire transfer, your remittance must be denominated in U.S. dollars, drawn on a U.S. financial institution and made payable to "FCC." No postdated, altered or third party checks will be accepted. No checks will be accepted for processing if older than six months. The Commission will accept Visa, MasterCard, American Express, and Discover credit cards.

1 Annual and multiple year regulatory fee payments shall be submitted by: (1) online ACH payment; (2) online Visa, MasterCard, American Express, or Discover credit card payment; or (3) wire transfer payment denominated in U.S. dollars and drawn on a United States financial institution and made payable to the Federal Communications Commission. No other credit card is acceptable. Any other form of payment for regulatory fees (*e.g.*, paper checks) will be rejected and sent back to the payor.

If paying by wire, applicants located in foreign countries should contact their local bank to determine what U.S. financial institution their bank is affiliated with that will allow a transfer of funds. Please keep in mind that there may be an additional transfer fee added from your bank for this service. If an additional cost is required by your bank, and you have not included additional funds to cover this cost, it will be taken out of the funds that will be transferred. This will result in your remaining transfer amount being insufficient to cover the fee for the filing. Please check with your bank prior to completing this transaction to determine their policy. For further instructions in making payment by wire see our website at <http://www.fcc.gov/encyclopedia/wire-transfer>

Payment of fees, fines, and other debts may also be made by electronic payment. There are two types of electronic payments available. The first type is designed specifically for larger corporations capable of CPU/CPU communication. Under this method, the payer bank wires funds directly to the Commission's lockbox bank. As with cash payments, the funds must be wired from a U.S. financial institution. The second type is designed for smaller businesses and individuals. Under this method, the lockbox bank is given authority to withdraw funds from the customer's bank account. Authorization can be transmitted by a personal computer or by calling a toll-free number. For more information about electronic payments, please contact the Revenue and Receivables Operations Group at (202) 418-1995. For further information on making electronic transfer payments, see our website at <http://www.fcc.gov/encyclopedia/wire-transfer>

REMITTANCE ADVICE - FCC 159

The Remittance Advice, FCC 159, must accompany payment to the Federal Communications Commission for Application Processing Fees, Fines, Forfeitures, Freedom of Information Act (FOIA) billings or any other debt due to the FCC. The information on this form is collected and stored in a database to ensure credit of full payment of monies due, to expedite any refunds due, and to service public inquiries. Please refer to this guide for specific form requirements. Reproduced forms are acceptable. FCC 159C is a remittance advice continuation sheet that must be used when paying for more than two call signs in a single filing or when paying for multiple applicants in a single filing. Each call sign and/or applicant must be listed separately on the FCC 159/FCC 159C.

Ways to obtain an FCC 159:

Go to <http://www.fcc.gov/forms>.

- Call the FCC at 1-877-480-3201 (TTY 717-338-2824).

DEBT COLLECTION IMPROVEMENT ACT

In accordance with the Debt Collection Improvement Act (DCIA), the Commission will withhold action on applications and other requests for benefits upon discovery that the entity applying for or seeking benefits is delinquent in its non-tax debts owed to the Commission, and dismiss such applications or requests if the delinquent debt is not resolved. The Commission's application fee rules have been amended to state that if payment of the delinquent debt is not made or satisfactory arrangements for payment are not made, we will withhold action on applications and other requests.

FEE EXEMPT APPLICATIONS

Please check the appropriate block on your application and provide the proper documentation, as required, to certify that your application is fee exempt. 47 CFR, Part 1, § 1.1116 of the Commission's rules explains who qualifies as fee exempt.

MANAGING DIRECTOR DECISIONS

Requests for waivers, fee determinations, reconsiderations, applications for review, deferments, and specific refund requests are referred directly to the Office of the Managing Director. Each request is forwarded to the Office of General Counsel for review and legal determination. 47 CFR, Part 1, §§ 1.1115 & 1.1119 govern

the Commission's policies in these instances. The requester will receive written notification of the Managing Director's decision. These decisions are published monthly and are placed in FCC Docket 86-285. All such requests must be submitted in writing to:

Managing Director
Federal Communications Commission
445 12th Street, SW, Room 1A625
Washington, DC 20554

WAIVER OF APPLICATION FEE, FEE DETERMINATIONS, AND DEFERRAL OF APPLICATION FEE PROCESS

The required filing fee must be paid for the service requested using the normal process. All requests for waiver of application fee and fee determinations are filed directly with the Managing Director in Washington, DC. If the Commission grants the waiver request or the fee determination results in a lower fee, a refund will be issued. Deferral of application fees are also filed in Washington, DC, and have a limit of up to six months with good cause. Deferrals of fees are considered when the inability to pay the required fee is due to a financial hardship (*i.e.*, bankruptcy), and must be accompanied by supporting documentation.

REFUND PROCESS

The appropriate Bureau/Office handles routine refund requests. When a Bureau/Office determines that a refund is warranted, it is forwarded to the Office of the Managing Director, Revenue and Receivables Operations Group for processing. The Revenue and Receivables Operations Group (RROG) handles all approved refund requests. Once the refund request is approved, the refund process usually takes 7-10 business days. Once a request has been reviewed and processed by RROG, it is forwarded to the U.S. Treasury in San Francisco, California where a check is issued to the payer of the remittance. For further information on return or refund of charges, refer to 47 CFR, Part 1, § 1.1115 of the Commission's rules.

MAILING INSTRUCTIONS

Paper applications requiring a fee must be submitted to Federal Communications Commission, P. O. Box 979097, St. Louis, MO, 63197-9000 or hand delivered to the U.S. Bank, Attn: FCC Government Lockbox #979097, SL-MO-C2-GL, 1005 Convention Plaza, St. Louis, MO 63101. **This address is for hand or courier delivery only.**

Parties hand-delivering applications or filings may receive dated receipt copies of the application or filing from the acceptance clerk at the time of delivery. Receipts will be provided for mail-in applications or filings if an extra copy of the application or filing is provided along with a self-addressed, stamped envelope. Only one piece of paper per application will be stamped for receipt purposes. A "stamp and receipt" copy must be placed on top of the original package and clearly identified as a return copy.

Non-feeable paper applications should be mailed to Federal Communications Commission, 1270 Fairfield Road, Gettysburg, PA 17325-7245. Hand-deliveries and messenger-deliveries should be delivered to Federal Communications Commission, 1280 Fairfield Road, Gettysburg, PA 17325.

OBTAINING FORMS

FCC forms can be downloaded from FCC's website at <http://www.fcc.gov/forms>.

QUESTIONS

If you have questions regarding your application, fee, or information on CORES, call the FCC at 1-877-480-3201 (TTY 717-338-2824). To provide quality service and ensure security, all telephone calls are recorded.

GENERAL FEE EXEMPTIONS

Further fee exemptions may be identified with a specific radio service in this guide. See 47 CFR, Part 1, § 1.1116 of the Commission's rules for further explanation of who qualifies as a fee exemption.

The following are exempt from ALL fee requirements:

- Governmental Entities - Check the block for Governmental Entity on your application.
- Non-commercial Educational Broadcast stations.
- Requests for Special Temporary Authority in the Ship and Aircraft Radio Services.
- Amateur or Vanity.
- Pro-Forma Transfer of Control and Assignment of Authorization if filed under the forbearance rules. See 47 CFR § 1.948.
- Registered Locations in the Intelligent Transportation Service and 3650 – 3700 MHz Band.
- Registered Links in the Millimeter Wave Service.
- Parties filing a Spectrum Manager Lease Notification (except for the purpose of Modification) or Private Commons Arrangements on FCC 608.
- Parties filing FCC Wireless Telecommunications Bureau Annual Report Related to Eligibility for Designated Entity Benefits on FCC 611-T.
- Educational Broadband Service.

The following are exempt from either application and/or regulatory fee requirements:

- Non-profit applicants in the Special Emergency and Public Safety Radio Services are exempt from the application fee, provided a current Determination Letter accompanies the application from the Internal Revenue Service documenting their non-profit status under IRS Code § 501(c)(3).
- All Special Emergency and Public Safety Radio Service applicants are exempt from the regulatory fee.
- Non-profit applicants in radio services other than Special Emergency and Public Safety are required to pay the application fee. However, they are exempt from paying the regulatory fee, provided a current Determination Letter accompanies the application from the Internal Revenue Service documenting their non-profit status under IRS Code § 501 or current certification as a non-profit corporation or other non-profit entity by state or other governmental authority.
- No regulatory fee is required for Commercial Radio Operators Licenses.

INFORMATION ABOUT REGULATORY FEES

The Federal Communications Commission, by Congressional mandate, implemented a regulatory fee schedule to recover costs incurred by the Commission relative to policy and rulemaking actions, as well as its enforcement, user information and international activities.

The regulatory fees do not currently apply to Amateur Radio Services (except Vanity call signs), governmental entities, Commercial Radio Operator Permits and Licenses, Non-commercial Educational Broadcast stations, Special Emergency & Public Safety Radio Services, modifications of existing authorizations unless that modification results in a renewal or reinstatement for which a regulatory fee is required, and non-profit entities. Non-profit entities must provide a current Determination Letter from the Internal Revenue Service when filing documentation for non-profit status under IRS Code § 501 or current certification as a non-profit corporation or other non-profit entity by state or other governmental authority.

These regulatory fees will be assessed annually and will apply to those licensees and entities, which benefit from the Commission's regulatory activities, other than licensing or application processing functions. Among the services affected by these fees are the Media Services and Commercial Mobile Radio Services (CMRS). The regulatory fees for Media and Commercial Mobile Radio Services (CMRS) are paid on a predetermined date established by Public Notice (See Public Notices regarding FY 2009 payments). The regulatory fees for other Wireless Telecommunications Services are paid in advance to cover the term of the license and are submitted along with the application fee at the time the application is filed except for Local Multipoint Distribution. See Pages 6 through 8 for additional information on the other Wireless Telecommunications Services regulatory fees.

Regulatory fees may be adjusted annually by the Commission pursuant to § 9 of the Communications Act 47 U.S.C. 159.

COMMERCIAL MOBILE RADIO SERVICE (CMRS) REGULATORY FEES REQUIRING ANNUAL PAYMENT

When paying a regulatory fee for Commercial Mobile Radio Service (CMRS), please refer to the “What You Owe – Commercial Wireless Services Fact Sheet” located at <http://www.fcc.gov/regfees> for additional information and instructions on annual regulatory fees.

CMRS Mobile Services *{Specialized Mobile Radio Services (Part 90); Broadband Personal Communications Services (Part 24), Public Coast Stations (Part 80), Public Mobile Radio (Cellular, 800 MHz Air-Ground Radiotelephone, and Offshore Radio Services) (Part 22); and Wireless Communications Service (Part 27)}*

CMRS Messaging Services *(Paging and Radiotelephone, Narrowband Personal Communications, 220 - 222 MHz Band, Interconnected Business Radio, small SMR systems authorized for use of less than 10 MHz of bandwidth)*

The **CMRS Messaging Services** category includes all one-way paging (Parts 20, 22, 24 and 90), two-way paging, qualifying interconnected business radio services, 220-222 MHz land mobile systems (Part 90), PCS narrowband services, and small SMR systems authorized for use of less than 10 MHz of bandwidth.

BROADBAND RADIO SERVICE REGULATORY FEES

When paying a regulatory fee for Broadband Radio Service (BRS), please refer to the “What You Owe – Commercial Wireless Services Fact Sheet” located at <http://www.fcc.gov/regfees> for additional information and instructions on annual regulatory fees.

MEDIA REGULATORY FEES

When paying a regulatory fee for Media Services, please refer to the “What You Owe – Media Services Licensees Fact Sheet” located at <http://www.fcc.gov/regfees> for additional information and instructions on annual regulatory fees.

LOCAL MULTIPOINT DISTRIBUTION SERVICE REGULATORY FEES

When paying a regulatory fee for Local Multipoint Distribution Service (BRS), please refer to the “What You Owe – Commercial Wireless Services Fact Sheet” located at <http://www.fcc.gov/regfees> for additional information and instructions on annual regulatory fees.

AUCTIONED LICENSES

Initial License Applications - Auction winners file with the Bureau a "long form" application, FCC 601 "FCC APPLICATION FOR RADIO SERVICE AUTHORIZATION: WIRELESS TELECOMMUNICATIONS BUREAU PUBLIC SAFETY AND HOMELAND SECURITY BUREAU" according to the public notice. There is no application fee associated with the initial long form application, or amendments to same except request for Non-Emergency Special Temporary Authority and/or waiver(s) included with filing. For specific fee amounts for STAs and waivers, see the individual sections of this guide addressing the specific radio services.

Post-grant License Applications - Once an initial auctioned license has been granted to a winning bidder in an auction, all subsequent post-grant license applications may require a fee as described in this fee guide. Specifically, if there are fees applicable to incumbent licensees in a given radio service, the same fees will apply to auction winners. For specific fee amounts, see the individual sections of this guide addressing the specific radio services.

Note that there are no application fees for any type of application or request regarding the Advanced Wireless Services (AWS), Personal Communications Service (PCS), the Wireless Communications Service (WCS) (2305 – 2320 MHz and 2345 – 2360 MHz), Local Multipoint Distribution Service (LMDS), Location and Monitoring Service, Multilateration (LMS), 1670 – 1675 MHz Band (Part 27), or 700 MHz (Lower Band, Upper Band, including Guard Bands), Multichannel Video Distribution and Data Service (MVDDS). Regulatory fees, which are assessed annually, may apply to these services. Refer to Pages 6 through 8 of this guide for information on regulatory fees for these services.

UNIVERSAL LICENSING SYSTEM

ULS is an integrated database and automated processing system which will support electronic filing of applications and other filings associated with applications (*i.e.* amendments, waiver requests, transfers and assignments of licenses, leases, licensee ownership information, etc.), collection of licensing information and public access to such information. For information on ULS electronic filing, visit the Internet @ <http://wireless.fcc.gov/uls>.

Upon submitting applications electronically via ULS, the applicant receives a confirmation of the fee(s) due (if any) for the application and is instructed to either pay on-line credit card or print FCC 159 directly from ULS. If not paying online immediately, the applicant may within 10 calendar days of the filing, utilize the **PAY FEES** option at <http://wireless.fcc.gov/uls>. If electronic filing is not available to the applicant and is not required to file electronically, the filing may be submitted manually along with FCC 159 and the appropriate fee and submitted to the appropriate address provided in this guide. **The applicant must remit payment as described in this guide within 10 calendar days of submitting the application, or the application will be dismissed. Payment received more than ten (10) days after electronic filing of an application on a Bureau/Office electronic filing system (e.g., ULS) will be forfeited (see §§1.934 and 1.1111).**

In order to avoid processing delays and dismissal due to insufficient fees, the Bureau recommends that applicants filing feeable applications via ULS observe the following:

- (1) Pay the amount specified by ULS (you may go back on-line within 10 days of receipt date to make your payment);
- (2) Use the ULS-generated FCC 159;
- (3) If paying by credit card, be sure to complete Section E of FCC 159;
- (4) Submit fee payment in a timely manner (payment is due within 10 calendar days of submission);
- (5) Submit only one instrument of payment (e.g., a check) for each FCC 159; and
- (6) Mail or deliver FCC 159 and payment to the proper St. Louis, MO address.

For the most current information regarding the Universal Licensing System (ULS), go to the ULS home page at <http://wireless.fcc.gov/uls>.

For the most current edition of any of the FCC forms necessary for manual filing, you may obtain the form at <http://www.fcc.gov/forms>.

Communication Assistance for Law Enforcement (CALEA) Petitions

Part 13 Restricted Radiotelephone (Including Commercial Radio Operator)

RESTRICTED RADIOTELEPHONE OPERATOR PERMIT

WHO NEEDS AN RP?

At least one person holding an RP is required aboard stations in the maritime and aviation services when: making international flights, voyages, or communications; **2)** using frequencies under 30 MHz; **3)** using a satellite ship earth station, or **4)** operating a vessel subject to the Bridge to Bridge Act (including domestic operation).

WHO DOESN'T NEED AN RP?

For mobile stations:

1) On board a voluntarily equipped ship using only VHF frequencies on domestic voyages OR using a radar, EPIRB, survival craft, or on-board station; **2)** on board an aircraft using only VHF frequencies on domestic voyages OR using radar, radio altimeter, transponder, or other automated radionavigation transmitter; or **3)** at a domestically operated marine utility station.

For fixed stations:

1) at shore radar, shore radiolocation, maritime support, or shore radionavigation stations; **2)** at a coast station or aeronautical ground station using only VHF frequencies; or **3)** at an aeronautical enroute station which automatically transmits digital communications to aircraft.

You no longer need an RP to operate a Broadcast station (e.g., AM, FM, TV). This requirement was eliminated on 12/1/95 (Report and Order, MM Docket No. 94-130 released 10/23/95).

Access the WTB internet website at <http://wireless.fcc.gov> under Wireless Services for frequency coordination committees and their mailing addresses or you may call the FCC at (877) 480-3201 (TTY 717-338-2824). Applications and notifications of certain radio services are required to file electronically within Part 90 Land Mobile Radio Service. See § 1.913 on mandatory electronic filing. **NOTE:** Applicants may apply to operate at different permanent locations, provided that the different locations are an integral part of a single system, when licensed under a single call sign. Each group of six permanent locations constitutes a station to which a separate application fee will be required. The instructions that follow are for filing applications. Select the purpose of filing and follow the instructions below:
