**Report No. SAT-01355**

**Friday October 26, 2018**

## **Satellite Policy Branch Information Space Station Applications Accepted for Filing**

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

**SAT-RPL-20180913-00071** E S3039 DIRECTV Enterprises, LLC  
Date Filed: 09/13/2018 20:05:34:95300  
Replacement Satellite Application (no new frequency)

DIRECTV Enterprises, LLC, requests authority to construct, deploy, and operate the T16 space station at the 102.70° W.L. orbital location. The T16 space station will provide fixed-satellite service, direct-to-home service, and broadcasting satellite service using the following frequency bands: 17.3-17.7 GHz, 18.3-18.59 GHz and 19.7-20.2 GHz (space-to-Earth); and 24.75-25.15 GHz, 28.35-28.6 GHz, 29.25-29.29 GHz, and 29.5-30 GHz (Earth-to-space). The T16 space station will use the 12.2-12.7 GHz and 17.3-17.8 GHz frequency bands for telemetry, tracking, and command operations. The T16 space station will be capable of providing direct broadcast satellite service in the 12.2-12.7 GHz (space-to-Earth) and 17.3-17.8 GHz (Earth-to-space) frequency bands, but DIRECTV does not seek operating authority to provide such service. DIRECTV requests a waiver, to the extent necessary, of the Commission's milestone and bond rules, 47 CFR §§ 25.164 and 25.165, in connection with the use portions of the 12.2-12.7 GHz and 17.3-17.8 GHz frequency for telemetry, tracking, and command operations.
