<b>325-RWL-20190107-00002</b>	P	Entravision Communications Corporation	
Renewal			
Grant of Authority			Date Effective: 04/04/2019

Granted on April 4, 2019, subject to conditions, application for 325 (c) permit Entravision Communications Corporation to deliver programming to XHDTV-TV, Tecate-Cerro Bola, Baja California, Mexico (Channel 21), with an authorized power of 300kw, for rebroadcast into the United States.

Grant of this permit is conditioned upon the Mexican stations operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. Broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1962 United States-Mexico VHF Television Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right to hearing.
