Formula changes / mandated by FCC rules

Use a single workbook for all study areas if the filing entity calculates projected ARC revenues and CAF-ICC support at the level of the rate-of-return holding company or has only one rate-of-return study area.

Use separate workbooks for each study area if the filing entity has multiple study areas and calculates projected ARC revenues and CAF-ICC support at the study-area level. In this case, modify the existing column headings in each workbook by replacing "Holding Company" with "Study Area," as appropriate.
