By the Chief, Wireline Competition Bureau:

On December 3, 2019, the Commission released a *Report and Order*, FCC 19-117, in the above captioned proceeding. This Erratum amends **APPENDIX A** of the *Report and Order* by correcting paragraph (2) of Section 54.502(c) to read as follows:

“(2) *School budget*. Each eligible school shall be eligible for support for category two services up to a pre-discount price of \$150 plus an additional prorated 20% (adjusted for inflation dating back to funding year 2015) over six funding years that will be completed at the end of funding year 2020. Applicants shall provide the student count per school, calculated at the time that the discount is calculated each funding year. New schools may estimate the number of students but shall repay any support provided in excess of the maximum budget based on student enrollment the following funding year.”
