Planned Implementation or Retirement Date: Will not be implemented for 90 days after the release of the Commission’s public notice of filing.

5 Davis Farm Road, Portland, ME 04103 | consolidated.com | NASDAQ: CNSL

Description of Change:

Consolidated Communications Inc. will be disconnecting/removing/rerouting all copper cable from the Central Office (e.g., there will be no copper end to end pairs available in the future). Any existing UNE xDSL or Digital Design Loop (DDL) services will be disconnected with this network change. A List of disconnected circuits is provided below.

Description of Foreseeable Impact:

After the planned network changes are implemented, there will be no copper (metallic) loop facilities between Consolidated Communication's Central Offices listed and the remote terminal in the affected area. Copper (metallic) sub-loop facilities will remain in place between Consolidated Communication's Remote Terminal and customer premises in the affected area.
