Ajit Pai  
FCC Chairman  
Federal Communications Commission  
445 12th Street SW, Washington, DC 20554

Dear Chairman Pai:

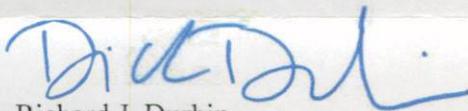

We are writing in support for Sinai Health System's application for the COVID-19 Telehealth program from the Federal Communications Commission. Funding from this program is critical to Sinai Health's ability to provide telehealth care during and after the COVID-19 pandemic

Located on Chicago's West side, Sinai Health System is comprised of Mount Sinai Hospital, Holy Cross Hospital, Schwab Rehabilitation Hospital, Sinai Children's Hospital, Sinai Community Institute, Sinai Medical Group, and Sinai Urban Health Institute.

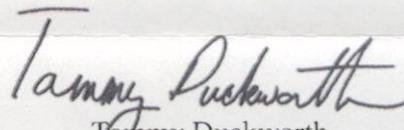

The entities of Sinai Health System collectively deliver a full range of quality inpatient and outpatient services, as well as a large number of innovative, community-based health, research and social service programs. They focus their collective depth of expertise and passion to improve the health of the 1.5 million people who live in an extremely diverse and underserved service area.

Please give full and fair consideration to the Sinai Health System's application. If you require additional information, please contact Senator Durbin's Chicago Director, Clarisol Duque, at [Clarisol\\_Duque@durbin.senate.gov](mailto:Clarisol_Duque@durbin.senate.gov) and Senator Duckworth's Chicago Director, Loren Harris at [Loren\\_Harris@duckworth.senate.gov](mailto:Loren_Harris@duckworth.senate.gov).

Sincerely,

Richard J. Durbin  
United States Senator

Tammy Duckworth  
United States Senator
