

Congress of the United States
Washington, DC 20510

July 30, 2020

Mr. Ajit Pai
Chairman
Federal Communications Commission
445 12th Street SW
Washington, D.C. 20554

Dear Chairman Pai:

We write in support of the application submitted by the Narragansett Indian Tribe for unallocated spectrum in relation to the 2.5 GHz Rural Tribal Window.

The Tribe seeks to acquire this unallocated spectrum to enhance access to affordable broadband Internet for its members. This will help advance the Tribe's efforts to expand access to health care services, develop training and education programs, and create new economic opportunities for its members. Since the Tribe does not have a residential community on its land, it is also applying for a waiver to facilitate expanded broadband options to members in the surrounding rural areas.

We support the Tribe's proposal and we request that you consider its application within all applicable rules and regulations. If we can be of assistance to you in this matter, please do not hesitate to contact our offices.

Sincerely,

Jack Reed
United States Senator

Sheldon Whitehouse
United States Senator

James R. Langevin
Member of Congress

David N. Cicilline
Member of Congress
