On November 6, 2020, the Chair of the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) requested that the Commission defer action on the application while the Committee reviews the application for any national security and law enforcement concerns that may be raised by foreign participation in the United States telecommunications services sector. Applicants must certify that neither the applicant nor any party to the application is subject to a denial of federal benefits by federal and/or state courts under authority granted in 21 U.S.C. § 862. See 47 C.F.R. §§ 1.2001–2003.

By this notice, we inform the public that submarine cable landing license applications that are part of larger transactions involving multiple Commission licenses or authorizations may involve "extraordinary circumstances" as referenced in Review of Commission Consideration of Applications under the Cable Landing License Act, Report and Order, 16 FCC Rcd 22167 (2001) and Rules and Policies on Foreign Participation in the U.S. Telecommunications Market, Report and Order and Order on Reconsideration, 12 FCC Rcd 23891 (1997), paras. 327-28, Order on Reconsideration, 15 FCC Rcd 18158 (2000). Additionally, extraordinary circumstances result where Executive Branch agencies petition the Commission to defer action on an application pending the resolution of potential national security, law enforcement, foreign policy and trade policy issues. Accordingly, these applications may not be acted on within the 90-day review period that the Commission has established as the period of time normally required to reach a decision on non-streamlined cable landing licenses. This notice shall serve as public notice to applicants that, in these circumstances, additional time may be required for Commission review and final action. No additional formal public notice will be provided routinely with respect to specific applications in the event that the applicable review period extends beyond 90 days.
