Report No. SAT-01574

Friday August 20, 2021

Satellite Policy Branch Information Space Station Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-MOD-20210806-00095 E S3051 Kuiper Systems LLC
Date Filed: 08/06/2021 14:39:16:47000
Modification

Kuiper Systems LLC requests modification of its license for a constellation of non-geostationary orbit satellites planned to operate in the fixed-satellite service. Specifically, Kuiper requests modification of Condition 60 of its license, which requires Kuiper to obtain a favorable or qualified favorable finding from the International Telecommunication Union (ITU) that explicitly indicates that the joint effect of Kuiper's multiple ITU filings was taken into account when assessing compliance with equivalent power-flux density limits.
