SECOND ERRATUM

Released: August 27, 2021

By the Chief, International Bureau and the Managing Director:

On July 13, 2021, the Commission released an *Order*, FCC 21-87 in the above captioned proceeding. On August 10, 2021, the International Bureau and the Managing Director released an Erratum correcting the Final Rules in **Appendix A** of the *Order*. To conform to the publishing conventions of the National Archives and Records Administration’s Office of the Federal Register, this Second Erratum further amends the Final Rules in **Appendix A** of the *Order* as indicated below:

Paragraph 10 is corrected to read as follows:

“10. Revise § 73.761 to read as follows:

§ 73.761 Modification of transmission systems.

Specific authority, upon electronic filing of a formal application (FCC Form 309) therefor in the International Bureau Filing System (IBFS), is required for any of the following changes:

- (a) Change involving an increase or decrease in the power rating of the transmitters.
- (b) A replacement of the transmitters as a whole.
- (c) Change in the location of the transmitting antenna.
- (d) Change in the power delivered to the antenna.
- (e) Change in frequency control and/or modulation system.
- (f) Change in direction or gain of antenna system.
- (g) Other changes, not specified above in this section, may be made at any time without the authority of the Commission: Provided, That the Commission shall be immediately notified

Federal Communications Commission

electronically in IBFS thereof and such changes shall be shown in the next application for renewal of license.”
