**INFORMATIVE****SCL-LIC-20210225-00014**

GU Holdings Inc.

On December 7, 2021, the Commission referred to the Department of State the application filed by GU Holdings Inc. to construct, land, and operate a non-common carrier fiber-optic submarine cable system connecting the United States to the United Kingdom and Spain, the Grace Hopper system, pursuant to the Submarine Cable Landing License Act of 1921 and Executive Order No. 10530. 47 U.S.C. §§ 34-39, Executive Order No. 10530 (reprinted as amended in 3 U.S.C. § 301). This begins the 30-day review process set out in the letter from the Under Secretary of State for Economic, Business, and Agricultural Affairs to the Chairman, Federal Communications Commission (dated Dec. 3, 2001).

**REMINDER:**

Applicants must certify that neither the applicant nor any party to the application is subject to a denial of federal benefits by federal and/or state courts under authority granted in 21 U.S.C. § 862. See 47 CFR §§ 1.2001–.2003.

By this notice, we inform the public that submarine cable landing license applications that are part of larger transactions involving multiple Commission licenses or authorizations may involve "extraordinary circumstances" as referenced in Review of Commission Consideration of Applications under the Cable Landing License Act, Report and Order, 16 FCC Rcd 22167 (2001) and Rules and Policies on Foreign Participation in the U.S. Telecommunications Market, Report and Order and Order on Reconsideration, 12 FCC Rcd 23891 (1997), paras. 327-28, Order on Reconsideration, 15 FCC Rcd 18158 (2000). Additionally, extraordinary circumstances result where Executive Branch agencies petition the Commission to defer action on an application pending the resolution of potential national security, law enforcement, foreign policy and trade policy issues. Accordingly, these applications may not be acted on within the 90-day review period that the Commission has established as the period of time normally required to reach a decision on non-streamlined cable landing licenses. This notice shall serve as public notice to applicants that, in these circumstances, additional time may be required for Commission review and final action. No additional formal public notice will be provided routinely with respect to specific applications in the event that the applicable review period extends beyond 90 days.
