

FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON

OFFICE OF THE
CHAIRWOMAN

June 17, 2022

The Honorable Anthony Brown
U.S. House of Representatives
1323 Longworth House Office Building
Washington, DC 20515

Dear Representative Brown:

Thank you for your letter regarding the pending proceeding at the Federal Communications Commission that seeks comment on whether to modify our rules to allow FM broadcast stations to use FM booster stations to air geo-targeted content. I appreciate the opportunity to respond.

As you note, in order to enhance the agency's technical understanding of this technology, the Media Bureau granted stations experimental authority to conduct tests in radio markets in Mississippi and California. On April 18, 2022 it issued a Public Notice seeking comment on the results of these tests. The period for comment will close on June 21, 2022. Please be assured that the Media Bureau staff will carefully review the record developed in the proceeding, including your letter, which is part of the docket. I hope this is helpful. Please let me know if you have any further questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Jessica Rosenworcel", with a long horizontal flourish extending to the right.
