On June 28, 2022, the National Telecommunications and Information Administration, on behalf of the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee), filed a Petition to Adopt Conditions to Authorization and License. The Committee has no objection to the Commission approving the above-captioned application to allow the continued operation of the MTC Interisland Cable System for an additional 25-year term, provided that the Commission conditions its approval on the assurances of PTI Pacifica Inc. dba IT&E (PTI Pacifica), to abide by the commitments and undertakings set forth in the June 10, 2022, Letter of Agreement from PTI Pacifica to the Under Secretary for Strategy, Policy and Plans, U.S. Department of Homeland Security, and the Office of Foreign Investment Review, Director, Undersecretary of Acquisition and Sustainment, U.S. Department of Defense.

On June 29, 2022, the Commission referred the application to the Department of State (State) pursuant to the Submarine Cable Landing License Act of 1921 and Executive Order No. 10530. 47 U.S.C. §§ 34-39, Executive Order No. 10530 (reprinted as amended in 3 U.S.C. § 301). SCL-LIC-20220422-00015

GU Holdings Inc.

On June 27, 2022, the Department of Homeland Security notified the Commission that it is reviewing the application filed by GU Holdings Inc. for a cable landing license for the Firmina cable system for national security issues and requests that the Commission defer action on the application until it completes its review. Through this Public Notice, pursuant to Commission practice, the application is being referred to Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) for its views on any national security or law enforcement concerns related to the application. See Process Reform for Executive Branch Review of Certain FCC Applications and Petitions Involving Foreign Ownership, IB Docket 16-155, Report and Order, 35 FCC Rcd 10927 (2020).

REMINDER:

Applicants must certify that neither the applicant nor any party to the application is subject to a denial of federal benefits by federal and/or state courts under authority granted in 21 U.S.C. § 862. See 47 CFR §§ 1.2001–.2003.

By this notice, we inform the public that submarine cable landing license applications that are part of larger transactions involving multiple Commission licenses or authorizations may involve "extraordinary circumstances" as referenced in Review of Commission Consideration of Applications under the Cable Landing License Act, Report and Order, 16 FCC Rcd 22167 (2001) and Rules and Policies on Foreign Participation in the U.S. Telecommunications Market, Report and Order and Order on Reconsideration, 12 FCC Rcd 23891 (1997), paras. 327-28, Order on Reconsideration, 15 FCC Rcd 18158 (2000). Additionally, extraordinary circumstances result where Executive Branch agencies petition the Commission to defer action on an application pending the resolution of potential national security, law enforcement, foreign policy and trade policy issues. Accordingly, these applications may not be acted on within the 90-day review period that the Commission has established as the period of time normally required to reach a decision on non-streamlined cable landing licenses. This notice shall serve as public notice to applicants that, in these circumstances, additional time may be required for Commission review and final action. No additional formal public notice will be provided routinely with respect to specific applications in the event that the applicable review period extends beyond 90 days.
