Report No. SAT-01781

Friday December 8, 2023

Satellite Licensing Division and Satellite Programs and Policy Division Information **Space Station Applications Accepted for Filing**

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-STA-20231204-00299 E Space Exploration Holdings, LLC
Date Filed: 12/04/2023 12:40:47:32000
Special Temporary Authority

Space Exploration Holdings, LLC requests special temporary authority for an additional period of 180 days to permit continued communications between SpaceX first-generation Starlink satellites and U.S. earth stations located at latitudes above 53 degrees at elevations of no less than 10 degrees. Specifically, SpaceX seeks continued authorization to adjust the minimum elevation angle from 25 degrees to 10 degrees at latitudes above 53 degrees for communications in the 10.7-12.7 GHz (space-to-Earth) and 14.0-14.5 GHz (Earth-to-space) frequency bands.

For more information concerning this Notice, contact the Satellite Licensing Division and Satellite Programs and Policy Division at (202) 418-0719.
