Integral Worldwide Limited	United Kingdom	41	3	2023-09	2021-1	We got this call from an upstream voice service client we have a contract and NDA with for Multiple destinations including USA. Our contract does have the clause that the customer need to comply with USA regulations and based on the breach of the same, we would be terminating USA business with this client and block them for this destination. We can not thought breach our NDA with the client and regret to inform that we do not have the option to share the customer details at this time. We apologize for the issue caused and we are always vigilant to avoid any issues causing regulation concerns. We do have the clause for USA and UK regulations on our customer contracts. Attaching the same for your review						
Horizon Solutions	Pakistan		3			"Goninja dailer the guy who provides us that dailer is from other city I guess and we got in touch through Facebook messenger .so we are unavailable to provide you such details hope you understand." - Horizon Solutions does not have enough information to share about their customer.

List includes providers that histo			show up in tracebacks of	or now participate	•						
List only includes providers that of the list includes tracebacks of robotomic tracebacks.			e tracebacks of other illega	al calls conducted b	v the ITC						
The list includes tracebacks of Tobol	Jans, as defined in the TVAC		n Count No Response /		Last No						
Provider Name	Country	Count			Response	No Response / Refuse to Provide Reason					
BPO INNOVATE	United States			75 2022-1		B Provider did not respond within allotted time period					
						TDG traceback actions depend on the following restrictions:					
						Traceback demands are generally requested by the national regulatory					
						authorities like Bundesnetzagentur (BNetzA) in Germany or national police,					
						2. TDG interconnection contracts are limited by NDA and/or compliance rules potentially avoiding a complete traceback information.					
						3. The legally prescribed storage periods for traffic data e.g. in Germany: The					
						storage of traffic data is limited to 7 days in Germany.					
						As described in TDG's Robocall Mitigation Plan, available on the RMD, TDG					
Deutsche Telekom / DTAG / Teleko	m					has implemented a Robocall Mitigation Program that includes reasonable steps to avoid originating illegal robocall traffic.
