Report No. 325-00252

Friday May 24, 2024

Permit To Deliver Programs To Foreign Broadcast Stations

re: Actions Taken

The Commission, by its Office of International Affairs, took the following actions pursuant to delegated authority. The effective dates of the actions are the dates specified.

325-RWL-20240313-00001	P	Local Media San Diego, LLC	
Renewal			
Grant of Authority			Date Effective: 05/22/2024

Granted on May 22, 2024, subject to conditions, application for 325 (c) permit to deliver entertainment, news, sports, weather, traffic, information and/or other broadcast material in the English language to broadcast stations, XHRM-FM, 92.5 MHz; XETRA-FM, 91.1 MHz and XHITZ-FM, 90.3 MHz (collectively, the "Stations"). Each station is licensed in Tijuana, Baja California, Mexico and has a maximum ERP of 100,000 watts.

Grant of this permit is conditioned upon the Mexican station operation in full compliance with applicable treaties and related provisions concerning interference to U.S. Broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico FM Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Government of Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization may be subject to immediate suspension without right to hearing.
