

## OFFICE OF CHAIRMAN BRENDAN CARR

### **Carr Applauds President Trump's AI Action Plan**

*'America's AI Action Plan' Ensures U.S. Continued Dominance in AI*

WASHINGTON, July 23, 2025—Today, President Trump released a [comprehensive roadmap](#) that sets forth clear objectives and policy recommendations for his Administration to deliver in order to cement America's global leadership in AI for years to come. In particular, the President's plan calls on the FCC to evaluate whether state AI regulations interfere with the Commission's ability to carry out any obligations or authorities under the Communications Act.

#### **Chairman Carr issued the following statement:**

"President Trump is committed to ensuring America's global leadership in AI remains unquestioned and unchallenged. Thanks to his strong leadership, America is back in the driver's seat on that front after hitting the breaks under the previous Administration. The President's plan puts forward a series of actions that will ensure America's AI remains the gold standard around the world. I look forward to supporting these national priorities."
