GOMEZ ON SHAM “INVESTIGATION” AGAINST THE VIEW

WASHINGTON—FCC Commissioner Anna M. Gomez issued the following statement after a report that the FCC plans to launch an “investigation” against ABC’s *The View*:

“Let’s be clear on what this is. This is government intimidation, not a legitimate investigation. Like many other so-called ‘investigations’ before it, the FCC will announce an investigation but never carry one out, reach a conclusion, or take any meaningful action.

“The real purpose is to weaponize the FCC’s regulatory authority to intimidate perceived critics of this Administration and chill protected speech. That is not how a free society operates.

“The First Amendment protects the right of daytime and late-night programs to cover newsworthy issues and express viewpoints without government interference. I urge broadcasters and their parent networks to stand strong against these unfounded attacks and continue exercising their constitutional rights without fear or favor.”
