FCC Announces Tentative Agenda for May Open Meeting

WASHINGTON, April 29, 2026—Federal Communications Commission Chairman Brendan Carr announced that the items below are tentatively on the agenda for the May Open Commission Meeting scheduled for Wednesday, May 20, 2026:

Enhancing Know-Your-Upstream-Provider Requirements – The Commission will consider a Further Notice of Proposed Rulemaking that would propose to enhance the STIR/SHAKEN framework used by voice providers to combat illegal robocalls by improving know-your-upstream-provider (KYUP) requirements and oversight, raising standards for STIR/SHAKEN attestations, and closing implementation loopholes. (WC Docket No. 17-97; CG Docket No. 17-59)

Streamlining Broadband Data Processes and Reducing Unnecessary Regulatory Burdens –The Commission will consider a Report and Order and Further Notice of Proposed Rulemaking that would take several steps to streamline and improve the FCC’s Broadband Data Collection (BDC). This item would alleviate unnecessary regulatory burdens on service providers and challenge process participants by streamlining audits and verifications, improving challenge processes, and reducing regulatory burdens that add costs without a corresponding benefit to the quality of provider-reported data, all while ensuring that the data depicted on the National Broadband Map is accurate. (WC Docket Nos. 11-10, 19-195; GN Docket No. 25-133)

Modernizing the Disaster Information Reporting System (DIRS) – The Commission will consider a Third Report and Order to modernize DIRS by enhancing its capabilities while eliminating unnecessary reporting burdens. These actions will provide better information to emergency managers during disasters and allow communications service providers to focus their resources on service restoration instead of redundant paperwork at times when every second counts. (PS Docket Nos. 21-346, 15-80; ET Docket No. 04-35)

Launching ‘High-Cost’ Program Initiative – The Commission will consider a Notice of Proposed Rulemaking seeking comment on how a High-Cost Modernization initiative could best ensure that all Americans, particularly those in rural areas, have access to next-generation services in an ever-changing environment. (WC Docket Nos. 26-96, 10-90)

Public Drafts of Meeting Items – The FCC publicly releases the draft text of each item expected to be considered at the next Open Commission Meeting. One-page cover sheets are included in the public drafts to help summarize each item. All these materials will be available on the FCC’s Open Meeting page: www.fcc.gov/openmeeting.

Public Attendance – The Open Meeting is scheduled to commence at 10:30 a.m. ET in the Commission Meeting Room of the Federal Communications Commission, 45 L Street, N.E., Washington, D.C. While the Open Meeting is open to the public, the FCC headquarters building is not open access, and all guests must check in with and be screened by FCC security at the main entrance on L Street. Attendees at the Open Meeting will not be required to have an appointment

but must otherwise comply with protocols outlined at: <https://www.fcc.gov/visit>. Open Meetings are streamed live at www.fcc.gov/live.

Press Access – Members of the news media are welcome to attend the meeting and will be provided reserved seating on a first-come, first-served basis. Following the meeting, the Chairman may hold a news conference in which he will take questions from credentialed members of the press in attendance. Afterwards, senior policy and legal staff will be made available to the press in attendance for questions related to the items on the meeting agenda. Commissioners may also choose to hold press conferences. Press may also direct questions to the Office of Media Relations (OMR): MediaRelations@fcc.gov. Questions about credentialing should be directed to OMR.
