

## FCC OPEN MEETING AGENDA

### FCC Announces Tentative Agenda for June Open Meeting

WASHINGTON, June 4, 2026—Federal Communications Commission Chairman Brendan Carr announced that the items below are tentatively on the agenda for the June Open Commission Meeting scheduled for Thursday, June 25, 2026:

**Cutting Red Tape and Accelerate the Buildout of Wireline Infrastructure** – The Commission will consider a Notice of Proposed Rulemaking that would propose and seek comment on standards for when state and local statutes, regulations, and legal requirements have a prohibitive effect on the provision of wireline telecommunications services in violation of Section 253 of the Communications Act, particularly through the imposition of excessive delays and fees that impede infrastructure deployments and disincentivize investments in new infrastructure. (WC Docket No. 25-253)

**Reviewing E-Rate Program and Student Screen Time** – The Commission will consider a Notice of Proposed Rulemaking that seeks comment on measures the Commission can take to better protect children when using E-Rate-funded networks, the Commission’s progress in ensuring affordable access to high-speed broadband to and within schools and libraries, and whether the Commission’s current interpretation of the Children’s Internet Protection Act is the best reading of the statute, and a Further Notice of Proposed Rulemaking that proposes actions to strengthen E-Rate program integrity and streamline program administration. (WC Docket Nos. 26-133; 13-184; 21-93; 21-455)

**Improving Next Generation 911 Reliability and Interoperability** – The Commission will consider a Second Report and Order and Second Further Notice of Proposed Rulemaking to improve reliability and interoperability in the nation’s Next Generation 911 (NG911) transition. The item would modernize and streamline 911 reliability rules for IP-based networks, promote interstate interoperability of NG911 systems, and eliminate unnecessary regulatory burdens. (PS Docket Nos. 21-479, 13-75)

**Modernizing of the Nation’s Alerting Systems** – The Commission will consider a Report and Order and Further Notice of Proposed Rulemaking that take steps to modernize the Emergency Alert System (EAS) and Wireless Emergency Alerts (WEA). The Report and Order aims to preserve the public’s trust in EAS by requiring targeted cybersecurity improvements to protect the system from cybercriminals and our nation’s adversaries. The Further Notice would propose additional ways to modernize EAS and WEA to make them more helpful to alerting authorities, less burdensome for participating communications providers, and better able to save lives. (PS Docket Nos. 25-224, 22-329, 15-91, 15-94)

**Accelerating the Buildout of Submarine Cables** – The Commission will consider a Second Report and Order and Second Further Notice of Proposed Rulemaking that would accelerate buildout of secure submarine cable infrastructure, while strengthening national security. (OI 24-523, MD 24-524)

Public Drafts of Meeting Items – The FCC publicly releases the draft text of each item expected to be considered at the next Open Commission Meeting. One-page cover sheets are included in the public drafts to help summarize each item. All these materials will be available on the FCC’s Open Meeting page: [www.fcc.gov/openmeeting](http://www.fcc.gov/openmeeting).

Public Attendance – The Open Meeting is scheduled to commence at 10:30 a.m. ET in the Commission Meeting Room of the Federal Communications Commission, 45 L Street, N.E., Washington, D.C. While the Open Meeting is open to the public, the FCC headquarters building is not open access, and all guests must check in with and be screened by FCC security at the main entrance on L Street. Attendees at the Open Meeting will not be required to have an appointment but must otherwise comply with protocols outlined at: <https://www.fcc.gov/visit>. Open Meetings are streamed live at [www.fcc.gov/live](http://www.fcc.gov/live).

Press Access – Members of the news media are welcome to attend the meeting and will be provided reserved seating on a first-come, first-served basis. Following the meeting, the Chairman may hold a news conference in which he will take questions from credentialed members of the press in attendance. Afterwards, senior policy and legal staff will be made available to the press in attendance for questions related to the items on the meeting agenda. Commissioners may also choose to hold press conferences. Press may also direct questions to the Office of Media Relations (OMR): [MediaRelations@fcc.gov](mailto:MediaRelations@fcc.gov). Questions about credentialing should be directed to OMR.
