0000299531	Minor Modification	FL	KRRD-LP	787922	Main	97.3	CENTRAL POINT, OR	Red Rock Cowboy Church	07/09/2026	Dismissed
From:					To:					
Comment #1 Dismissed 7/9/2026 via Public Notice for the following reason: Section 73.807 violation with respect to second-adjacent channel license (BLH-19860403KB) of FM station KROG(FM), Grants Pass, OR, (required spacing = 93 km, proposed spacing = 23 km) and the first-adjacent channel license (BLFT-20171013AGA) of FM translator station K248DG, Grants Pass, OR (required spacing = 28 km, proposed spacing = 25 km). The application recognizes the short-spacing to KROG and indicates that KROG is “This authorized facility – mutually exclusive application.” It also alleges that it protects K248DG by showing lack of contour overlap with that station. However, neither explanation is an authorized method of showing compliance with the relevant spacing requirements in Section 73.807. With respect to second-adjacent channel station KROG(FM), there is no provision in Section 73.807(e) for “mutually exclusive applications.” With respect to K248DG, Section 73.807 does not permit contour overlap showings as an alternative to the first-adjacent channel spacing requirements in that Section.
