ERRATUM

Released: August 13, 2026

By the Chief, Office of Engineering and Technology:

1. On July 23, 2026, the Commission released the *Third Report and Order and Third Further Notice of Proposed Rulemaking*, FCC 26-50, in the above-captioned proceeding (*Third Report and Order*). Pursuant to authority delegated under sections 0.31 and 0.241 of the Commission's rules, 47 CFR §§ 0.31, 0.241, the Office of Engineering and Technology, by this Erratum, corrects the *Third Report and Order* as set forth below. These corrections conform the transition-date provisions of the *Third Report and Order*, correct typographical and paragraph-designation errors in Appendix A (Final Rules) and Appendix B (Proposed Rules) and replace Appendix C (Final Regulatory Flexibility Analysis).

2. In paragraph 76, the phrase "an effective date for compliance with § 2.803(c)(1) of 180 days after the publication of this Order in the Federal Register" is corrected to read "a compliance date for § 2.803(c)(1) of March 1, 2027," and the phrase "an effective date for § 2.803(c)(2) to be 270 days after the publication of this Order in the Federal Register" is corrected to read "a compliance date for § 2.803(c)(2) of June 1, 2027."

3. In paragraph 245, the second ordering clause is corrected to read as follows:

IT IS FURTHER ORDERED that the rule amendments set forth in Appendix A of this Third Report and Order SHALL BE EFFECTIVE 30 days after publication in the Federal Register, except that compliance with the FCC ID display requirements in § 2.803(c)(1) shall not be required until March 1, 2027, and compliance with the FCC ID display requirements in § 2.803(c)(2) shall not be required until June 1, 2027.

4. In Appendix A (Final Rules), paragraph 2 (amending § 1.50001) is corrected to read as follows:

- 2. Amend § 1.50001 by:
 - a. Redesignating paragraphs (g) through (i) as paragraphs (h) through (j);
 - b. Redesignating paragraph (e) as paragraph (g);
 - c. Redesignating paragraph (f) as paragraph (e); and

d. Adding new paragraph (f).

5. In Appendix A, in § 2.803(c)(3), subordinate paragraphs (a), (b), and (c) are redesignated as paragraphs (i), (ii), and (iii), respectively.

6. In Appendix A, in § 2.803(c), the following notes are added after redesignated paragraph (c)(3)(iii):

Note to paragraph (c)(1): Compliance with this paragraph is not required until March 1, 2027.

Note to paragraph (c)(2): Compliance with this paragraph is not required until June 1, 2027.

7. In Appendix A, in § 2.903(d)(2), the phrase “the information described this section” is corrected to read “the information described in this section.”

8. In Appendix A, paragraph 7 (amending § 2.932) is corrected by removing the extraneous period so that the paragraph reads: “Amend § 2.932 by adding a sentence to paragraph (a) and adding paragraph (f) to read as follows:”

9. In Appendix A, paragraph 9 (amending § 2.1204) is corrected to read: “Amend § 2.1204 by revising paragraph (a)(2) and removing paragraph (a)(4)(iv) to read as follows:”; and, in the text for § 2.1204, the entry “(4)(iv) [Removed and Reserved]” is corrected to read “(4)(iv) [Removed].”

11. In Appendix B, in paragraph 5 (amending § 2.803), the phrase “reserving paragraph (c)” is added after “paragraphs (d) and (e),” and the phrase “adding section (d)(3)” is corrected to read “adding paragraph (d)(3).”

12. In Appendix B, the section heading of § 2.804 is corrected to read: “§ 2.804 Online marketing of radiofrequency devices subject to an equipment authorization.”

13. In Appendix B, in § 2.909(a)(1), the word “appliable” is corrected to read “applicable.”

14. In Appendix B, in § 2.909(a)(2), a comma is added after “Supplier’s Declaration of Conformity”; and, in § 2.909(a)(2)(ii), the phrase “If the equipment by itself, or, a system is assembled from individual parts” is corrected to read “If the equipment by itself, or a system assembled from individual parts.”

15. In Appendix B, in § 2.909(a)(2)(iii), the phrase “designated in paragraph (b)(1) or (b)(2) of this section” is corrected to read “designated in paragraph (a)(1) or (a)(2) of this section.”

16. In Appendix B, in § 2.909(a)(4), a closing quotation mark is added after “modifications].”

17. In Appendix B, in § 2.909, paragraph (b) (Liable Party) is set off as a separate paragraph from paragraph (a)(5); the four undesignated subordinate paragraphs of paragraph (b) are designated as paragraphs (b)(1) through (b)(4), respectively; in paragraph (b)(2), the phrase “or, a system is assembled from individual parts” is corrected to read “or a system assembled from individual parts”; and, in paragraph (b)(3), the phrase “of this section become the new liable party” is corrected to read “of this section to become the new liable party.”

Federal Communications Commission

18. In Appendix B, paragraph 14 (amending § 2.932) is corrected to read: “Revise § 2.932 by adding a final sentence to paragraph (b) and paragraphs (b)(1) through (b)(5) to read as follows:”; the duplicative, incomplete clause “The modified device is marketed as an identical;” is removed; and the remaining subordinate clauses of paragraph (b) are designated as paragraphs (b)(1) through (b)(5), so that § 2.932(b) reads as follows:

- (b) * * * Notwithstanding this section, software or firmware updates to already-authorized covered equipment shall not constitute a request for a new equipment authorization where:
 - (1) The modification mitigates harm to consumers;
 - (2) The modification does not enhance the device’s capability or alter its intended use;
 - (3) The modified device is marketed as identical to the pre-modified device;
 - (4) The modified device is equipment in a producer/provider-based Covered List entry, rather than a production location-based Covered List entry; and
 - (5) The modification does not involve the replacement of a U.S.-produced component for a foreign-produced component.

19. In Appendix B, paragraph 15 (amending § 2.939) is corrected to read: “Amend § 2.939 by removing paragraph (b), redesignating paragraph (c) as paragraph (b), and amending paragraphs (c) and (d) to read as follows:”; and the entry “(b) [Remove and Redesignate (c)]” is corrected to read “(b) [Removed and Redesignated as paragraph (c)].”

20. In Appendix B, in paragraph 16, § 2.1043(m) is corrected to read as follows:

- (m) Software, firmware, or hardware updates to already-authorized covered equipment shall constitute Class I or Class II permissive changes, respectively, shall not constitute applications for equipment authorization, and are not prohibited, so long as:
 - (1) The modification mitigates harm to consumers;
 - (2) The modification does not enhance the device’s capability or alter its intended use;
 - (3) The modified device is marketed as an identical product to the pre-modified device; and
 - (4) The modification does not involve swapping a U.S.-made component for a non-U.S.-made component.

21. In Appendix B, paragraph 18 (amending § 2.1204) is corrected to read: “Amend § 2.1204 by revising paragraph (a)(5) and adding paragraph (c) to read as follows:”; the line “(1) * * *” is removed; and the undesignated paragraph beginning “The radio frequency device is being imported solely for export” is designated as paragraph (a)(5).

Federal Communications Commission

22. Appendix C (Final Regulatory Flexibility Analysis) is replaced in its entirety by the Final Regulatory Flexibility Analysis set forth in the Attachment to this Erratum. Footnote numbering and internal cross-references are conformed accordingly.
