ORDER

Adopted: February 15, 2005

Released: February 16, 2005

By the Commission:

I. INTRODUCTION AND BACKGROUND

1. In this Order, we extend the Federal-State Joint Conference on Accounting Issues (Joint Conference) until March 1, 2007. This extension will provide the Joint Conference with the time needed to consider and make recommendations on additional accounting and reporting issues.

2. The Commission convened the Joint Conference on September 5, 2002, “to provide a forum for an ongoing dialogue between the Commission and the states in order to ensure that regulatory accounting data and related information filed by carriers are adequate, truthful, and thorough.”¹ The Commission found that the “Joint Conference will provide a focused means by which we and interested state commissions may conduct an open dialogue, collect and exchange information, and consider initiatives that will improve the collection of adequate, truthful, and thorough accounting data for regulatory purposes.”² In charging the Joint Conference with the task of reexamining federal and state accounting and reporting requirements, the Commission noted that the Joint Conference has a broad mandate to perform its work, including the ability to recommend additions to, or eliminations of, accounting requirements.³

3. On October 9, 2003, the Joint Conference submitted a series of recommendations to the Commission.⁴ On December 23, 2003, the Commission released a Notice of Proposed Rulemaking seeking comments on those recommendations.⁵

³ *Id.* at 17027, para. 7. The Joint Conference sought comment on a range of accounting and reporting issues in a Public Notice. See *Federal-State Joint Conference on Accounting Issues Request for Comment*, WC Docket No. 02-269, Public Notice, 17 FCC Rcd 24902 (2002). In addition, the Joint Conference held a public hearing to gather information from a cross-section of telecommunications industry representatives. 4. On June 24, 2004, we issued an order addressing the issues raised in the Joint Conference report.⁶ In the *Joint Conference Report and Order*, we adopted some of the Joint Conference's recommendations, and we resolved the outstanding petitions for reconsideration of the *Phase II Report and Order*.⁷ The *Joint Conference Report and Order*, however, did not address several other issues that were raised by commenting parties. Many commenters included additional proposals and specific areas for investigation or study by the Joint Conference and the Commission. In the *Joint Conference Report and Order*, we stated that the Joint Conference would continue to examine these issues.⁸

II. DISCUSSION

5. In the *Convening Order* we stated that we would revisit the need for and utility of the Joint Conference in two years time.⁹ We find that continued dialogue between the Commission and the states will be useful to facilitate review of accounting and reporting issues that remain outstanding. We therefore extend the Joint Conference until March 1, 2007.

III. ORDERING CLAUSE

6. Accordingly, IT IS ORDERED, pursuant to sections 4(i), 4(j), and 410(b) of the Communications Act of 1934, as amended, 47 U.S.C. §§ 154(i), 154(j), and 410(b), that the Federal-State Joint Conference on Accounting Issues IS EXTENDED until March 1, 2007.
