NOTICE OF APPARENT LIABILITY FOR FORFEITURE

Adopted: April 9, 2008

Released: April 10, 2008

By the Commission:

I. INTRODUCTION

1. In this *Notice of Apparent Liability for Forfeiture* (“NAL”), we find that CompUSA, Inc. (“CompUSA”) apparently willfully and repeatedly violated Section 15.117(k) of the Commission's Rules (“Rules”)¹ by failing to place the required Consumer Alert label immediately adjacent to and clearly associated with television receiving equipment that contains an analog broadcast television tuner but does not contain a digital broadcast television tuner (hereinafter “analog-only tuner”) that it displayed or offered for sale or rent. We conclude, pursuant to Section 503(b) of the Communications Act of 1934, as amended (“Act”),² that CompUSA is apparently liable for a forfeiture in the amount of one hundred sixty eight thousand dollars (\$168,000).

II. BACKGROUND

2. Congress has established February 17, 2009 as the deadline for the end of analog transmissions for full power television stations. The Commission is statutorily obligated to promote the orderly transition to digital television, “a critical step in the evolution of broadcast television.”³ As we stated previously, “[w]e are committed to ensuring the rapid completion of that transition in a way that delivers the greatest possible benefits to the viewing public.”⁴ As part of that commitment and in light of the upcoming deadline, we recently announced that “it is necessary and appropriate to require retailers to provide consumers with information regarding this transition date at the point of sale.”⁵ We reached this conclusion after determining that consumer electronics industry efforts had not adequately informed consumers how analog-only television equipment purchased now will function when the transition to digital broadcasting ends.⁶

3. To ensure that consumers do not inadvertently buy analog-only television equipment without understanding that such devices will not be capable of receiving off-the-air television reception of digital signals after analog broadcasting ends unless connected to a digital-to-analog converter or a digital subscription service, we adopted rules requiring anyone that sells, offers for sale, or rents television receiving equipment that does not contain a digital television (“DTV”) tuner to display a Consumer Alert at the point of sale.⁷ This requirement also applies to the sale or rent of analog-only television receiving equipment via direct mail, catalog, or electronic means (e.g., the Internet). These requirements are contained in Section 15.117(k) of the Rules, which became effective on May 25, 2007.⁸

4. Section 15.117(k)(3) of the Rules requires that the Consumer Alert contain the following language:

CONSUMER ALERT

This television receiver has only an analog broadcast tuner and will require a converter box after February 17, 2009, to receive over-the-air broadcasts with an antenna because of the Nation’s transition to digital broadcasting. Analog-only TVs should continue to work as before with cable and satellite TV services, gaming consoles, VCRs, DVD players, and similar products. For more information, call the Federal Communications Commission at 1-888-225-5322 (TTY: 1-888-835-5322) or visit the Commission’s digital television website at: www.dtv.gov.

The Consumer Alert must be in a size of type large enough to be clear, conspicuous and readily legible, consistent with the dimensions of the equipment and the label. The alert either must be printed on a transparent material and affixed to the screen, in a manner that is removable by the consumer and does not obscure the picture when displayed for sale, or displayed separately immediately adjacent to each television receiver offered for sale and clearly associated with the analog-only model to which it pertains.⁹ In the case of other analog-only video devices that do not include a display (e.g., VCRs, DVD players), the Consumer Alert must be in a prominent location on the device, such as on the top or front, or displayed separately immediately adjacent to and clearly associated with the analog-only model to which it pertains.¹⁰ To the extent that any persons display or offer for sale or rent via direct mail, catalog, or electronic means analog-only television receiving equipment, they must prominently display the Consumer Alert as part of all advertisements or descriptions of such television receiving equipment, in clear and conspicuous print, and in close proximity to any images or descriptions of such equipment.¹¹

5. Immediately after the rule became effective, the Commission’s Enforcement Bureau began inspecting hundreds of stores throughout the country, as well as dozens of popular retailer websites, and observed many models of analog-only television receiving equipment on display without the required Consumer Alert labels. On June 1, 2007, the Enforcement Bureau issued a Citation to CompUSA for offering for sale television receiving equipment having an analog-only tuner without displaying the required

Consumer Alert in close proximity.¹² Between June 1, 2007 and June 11, 2007, the Enforcement Bureau conducted inspections at its website and numerous stores and based on those inspections, issued additional Citations to CompUSA for violations at its stores and its website.¹³ After affording CompUSA a reasonable opportunity to respond to the first Citation,¹⁴ on June 12, 2007, agents and investigators from the Enforcement Bureau began inspecting numerous CompUSA stores in various states and once again observed television receiving equipment with analog-only tuners on display without the required Consumer Alert labels in eight CompUSA stores.¹⁵

6. Under Section 503(b)(1) of the Act, any person who is determined by the Commission to have willfully or repeatedly failed to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture penalty.¹⁶ Section 312(f)(1) of the Act defines willful as “the conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate” the law.¹⁷ The legislative history to Section 312(f)(1) of the Act clarifies that this definition of willful applies to both Sections 312 and 503(b) of the Act¹⁸ and the Commission has so interpreted the term in imposing forfeitures pursuant to Section 503(b).¹⁹ The Commission may also assess a forfeiture for violations that are merely repeated, and not willful.²⁰ “Repeated” means that the act was committed or omitted more than once, or lasts more than one day.²¹ To impose such a forfeiture penalty, the Commission must issue a notice of apparent liability and the person against whom the notice has been issued must have an opportunity to show, in writing, why no such forfeiture penalty should be imposed.²² The Commission will then issue a forfeiture if it finds by a preponderance of the evidence that the person has violated the Act or a Commission rule.²³ As we set forth below, we conclude under this standard that CompUSA is apparently liable for forfeiture for its apparent willful and repeated violations of Section 15.117(k) of the Commission’s rules.

¹³ See Attachment A for a list of the citations issued to CompUSA (collectively “Citations”). In preparing the Citations, Enforcement Bureau staff relied on publicly available information, including retailer websites, to identify the television receiving equipment with analog-only tuners.

¹⁴ We note that following issuance of the citations, the Enforcement Bureau, after reviewing the devices’ technical specifications and user manuals, determined that the following citation referred to an erroneously identified equipment model: Citation No. 2007325003 (Samsung Model DVD-VR357). In light of this evidence, we hereby cancel the relevant portion of the above citation with respect to this model.

¹⁵ See Attachment B for a listing of the stores visited and the models observed at each store. Enforcement Bureau staff determined that these models had analog-only tuners by consulting the manufacturer’s product manuals or, if such were unavailable, the models’ technical specifications from CompUSA’s website.

III. DISCUSSION

7. Based on the evidence before us, we find that CompUSA apparently willfully and repeatedly violated Section 15.117(k) of the Rules by failing to display conspicuously and in close proximity to equipment with an analog-only tuner, in clear and conspicuous print, the required Consumer Alert label. Specifically, as detailed in Attachment B, agents and investigators from the Enforcement Bureau observed a number of different models of television receiving equipment having only an analog-only tuner on display in eight CompUSA stores without the required Consumer Alert labels.²⁴ CompUSA previously received four Citations for this same type of conduct prior to the agents' inspections.²⁵

8. Under Section 503(b)(2)(D) of the Act,²⁶ we may assess an entity that is neither a common carrier, broadcast licensee or cable operator a forfeiture of up to \$11,000 for each violation or each day of a continuing violation, up to a statutory maximum forfeiture of \$97,500 for any single continuing violation. In exercising such authority, we must take into account "the nature, circumstances, extent, and gravity of the violation and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require."²⁷

9. The Commission's *Forfeiture Policy Statement*²⁸ and Section 1.80 of the Rules do not establish a specific base forfeiture for violation of the analog-only tuner labeling requirements. In adopting the Consumer Alert labeling requirements, the Commission stated that "[a]ccurate communication of this impending change is a highly material disclosure for consumers contemplating the purchase of a

²⁴ Attachment B lists the dates of the Enforcement Bureau inspections, the analog-only models identified in violation of Section 15.117(k), as well as the CompUSA stores involved.

²⁵ Section 503(b)(5) states that no forfeiture liability shall be determined against any person who does not hold a license, permit, certificate, or other authorization issued by the Commission unless, prior to issuance of any Notice of Apparent Liability, such person is "(A) sent a citation of the violation charged; (B) is given a reasonable opportunity for a personal interview with an official of the Commission at the field office of the Commission which is nearest to such person's place of residence; and (C) subsequently engages in conduct of the type described in such citation." 47 U.S.C. § 503(b)(5). The apparent violations discussed in this *NAL* are subject to forfeiture because we have issued the *Citations* and afforded CompUSA an opportunity for a personal interview or to submit a written response to its first Citation before conducting a second round of inspections that would count towards potential forfeiture liability. See *supra* para. 5 and notes 13 and 14. To the extent that the television receiving models involved in this *NAL* differ from those listed in the *Citations*, no additional citations are necessary because the more recent apparent violations are "conduct of the type described" in the earlier *Citations* – violations of Section 15.117(k). See *HighTech CB Shop*, Forfeiture Order, 20 FCC Rcd 12514, 12516 ¶ 9 (Enf. Bur. South Central Region 2005), *recon. denied*, 20 FCC Rcd 19269 (Enf. Bur. 2005).

²⁶ 47 U.S.C. § 503(b)(2)(D). The Commission twice amended Section 1.80(b)(3) of the Rules, 47 C.F.R. § 1.80(b)(3), to increase the maximum forfeiture amounts, in accordance with the inflation adjustment requirements contained in the Debt Collection Improvement Act of 1996, 28 U.S.C. § 2461. See *Amendment of Section 1.80 of the Commission's Rules and Adjustment of Forfeiture Maxima to Reflect Inflation*, Order, 15 FCC Rcd 18221 (2000) (adjusting the maximum statutory amounts from \$10,000/\$75,000 to \$11,000/\$87,500); *Amendment of Section 1.80 of the Commission's Rules and Adjustment of Forfeiture Maxima to Reflect Inflation*, Order, 19 FCC Rcd 10945 (2004) (adjusting the maximum statutory amounts from \$11,000/\$87,500 to \$11,000/\$97,500).

²⁷ 47 U.S.C. § 503(b)(2)(E). See also 47 C.F.R. § 1.80(b)(4), Note to paragraph (b)(4): Section II. Adjustment Criteria for Section 503 Forfeitures.

²⁸ See *The Commission's Forfeiture Policy Statement and Amendment of Section 1.80 of the Rules to Incorporate the Forfeiture Guidelines*, Report and Order, 12 FCC Rcd 17087, 17115 (1997), *recon. denied*, 15 FCC Rcd 303 (1999) ("*Forfeiture Policy Statement*").

television.”²⁹ We also noted that it is a matter of public safety for consumers who rely on analog-only televisions to obtain critical emergency information.³⁰

10. Similar issues arose regarding labeling requirements for wireless hearing aid-compatible handsets. In those cases, the Enforcement Bureau established a base forfeiture amount of \$8,000 per handset model that failed to comply with the labeling requirements.³¹ The labeling requirements for wireless hearing aid-compatible handsets and the analog-only tuner labeling requirements both serve the important goal of ensuring that consumers have access to necessary information. In light of the similarities in these labeling requirements, we conclude that a \$8,000 base forfeiture amount per unlabeled model or device in each store where Bureau agents and investigators observed a violation is appropriate for apparent violations of Section 15.117(k).³²

11. We find that, beginning on June 12, 2007, as detailed in Attachment B, even after receiving the *Citations* warning of violations in its stores across the country, CompUSA displayed numerous different models of equipment with an analog-only tuner in eight stores without the required Consumer Alert label. As a result, CompUSA continued to market television receiving equipment to consumers without adequately warning that the equipment contained an analog-only television receiver. Those consumers may not learn of their equipment’s limitations until the analog-only devices cease to receive over-the-air television signals, long after any period for returning the equipment has expired. This scenario is precisely the outcome that our rule was intended to prevent.³³ Applying the analysis set forth above to the facts of this case, we conclude that CompUSA is apparently liable for a \$168,000 base forfeiture.³⁴

³³ “After the transition, absent a label requirement, even cable and satellite subscribers might be surprised to find that they cannot receive television broadcasts over-the-air on an analog-only television purchased today if they choose to discontinue subscription service or their cable or satellite service is terminated by disaster, service disruption, or for non-payment of their bills.” *Second DTV Periodic Report and Order*, at ¶ 12.
