NOTICE OF APPARENT LIABILITY FOR FORFEITURE

Adopted: November 1, 2013

Released: November 1, 2013

By the Commission:

I. INTRODUCTION

1. In this Notice of Apparent Liability for Forfeiture (NAL), we continue our commitment to combatting waste, fraud, and abuse in the Lifeline program (Lifeline) by taking action and proposing monetary forfeitures against a company that apparently has ignored our rules and exploited a program dedicated to providing low-income Americans with basic telephone service. Specifically, we find that i-wireless, LLC (i-wireless), apparently willfully and repeatedly violated Sections 54.407, 54.409, and 54.410 of the Commission's rules¹ by requesting and/or receiving support from the Lifeline program of the Universal Service Fund (USF or Fund) for ineligible subscriber lines between the months of October 2012 and April 2013. Based on our review of the facts and circumstances surrounding these apparent violations, we propose a monetary forfeiture in the amount of eight million, seven hundred and fifty-three thousand and seventy-four dollars (\$8,753,074).

II. BACKGROUND

2. *Lifeline Service.* Lifeline is part of the USF and helps qualifying consumers have the opportunities and security that phone service brings, including being able to connect to jobs, family members, and emergency services.² Lifeline service is provided by Eligible Telecommunications Carriers (ETCs) designated pursuant to the Communications Act of 1934, as amended (Act).³ An ETC may seek and receive reimbursement from the USF for revenues it forgoes in providing the discounted services to eligible customers in accordance with the rules.⁴ Section 54.403(a) of the Commission's rules specifies that an ETC may receive \$9.25 per month for each qualifying low-income consumer receiving Lifeline service,⁵ and up to an additional \$25 per month if the qualifying low-income consumer resides on Tribal lands.⁶ ETCs are required to pass these discounts along to eligible low-income consumers.⁷

³ 47 U.S.C. § 254(e) (providing that “only an eligible telecommunications carrier designated under section 214(e) of this title shall be eligible to receive specific Federal universal service support”); 47 U.S.C. § 214(e) (prescribing the method by which carriers are designated as ETCs).

⁴ 47 C.F.R. § 54.403(a).

⁵ Lifeline provides a single discounted wireline or wireless phone service to each qualifying low-income consumer's household. See 47 C.F.R. § 54.401; see also 47 C.F.R. § 54.400(h) (defining “household” as “any individual or

3. The Commission's Lifeline rules establish explicit requirements that ETCs must meet to receive federal Lifeline support.⁸ Section 54.407(a) of the rules requires that Lifeline support "shall be provided directly to an eligible telecommunications carrier, based on the number of actual qualifying low-income consumers it serves."⁹ Pursuant to Section 54.407(b) of the rules, an ETC may receive Lifeline support only for qualifying low-income consumers.¹⁰ A "qualifying low-income consumer" must meet the eligibility criteria set forth in Section 54.409 of the rules, including the requirement that he or she "must not already be receiving a Lifeline service,"¹¹ and must, pursuant to Section 54.410(d) of the rules, certify his/her eligibility to receive Lifeline service.¹²

4. Section 54.410(a) of the Commission's rules requires further that ETCs have procedures in place "to ensure that their Lifeline subscribers are eligible to receive Lifeline services."¹³ As explained above, such eligibility requires that a consumer seeking Lifeline service may not already be receiving Lifeline service. This obligation therefore requires, among other steps, that an ETC search its own internal records to ensure that the ETC does not provide duplicate Lifeline service to any subscriber (an "intra-company duplicate").¹⁴

5. The Commission's rules further prohibit an ETC from seeking reimbursement for providing Lifeline service to a subscriber unless the ETC has confirmed the subscriber's eligibility to receive Lifeline service.¹⁵ In accordance with Section 54.410, before an ETC may seek reimbursement, it must receive a certification of eligibility from the prospective subscriber that demonstrates that the subscriber meets the income-based and program-based eligibility criteria for receiving Lifeline service,

⁶ See 47 C.F.R. § 54.403(a). Tribal lands include any federally recognized Indian tribe's reservation, pueblo, or colony, including former reservations in Oklahoma. See 47 C.F.R. § 54.400(e).

⁷ See 47 C.F.R. § 54.403(a); *Lifeline Reform Order*, 27 FCC Rcd at 6681, para. 53.

⁹ 47 C.F.R. § 54.407(a).

¹⁰ 47 C.F.R. § 54.407(b). In 2011, the Commission took action to address potential waste, fraud, and abuse in the Lifeline program by preventing duplicate payments for multiple Lifeline-supported services to the same individual. See *Lifeline and Link Up Reform and Modernization*, Report and Order, 26 FCC Rcd 9022–23, 9026, para. 1 (2011) (*Lifeline Duplicates Order*); see also *Lifeline and Link Up Reform and Modernization*, Order, 28 FCC Rcd 9057 (Wir. Comp. Bur. 2013); 47 C.F.R. § 54.410(a). Specifically, the Commission amended Sections 54.401 and 54.405 of the rules to codify the restriction that an eligible low-income consumer cannot receive more than one Lifeline-supported service at a time. See *Lifeline Duplicates Order*, 26 FCC Rcd at 9026, para. 7. In the *Lifeline Reform Order*, this codified restriction was moved from Section 54.401(a) to revised Section 54.409(c). See *Lifeline Reform Order*, 27 FCC Rcd at 6689, para. 74, n.192. The Commission reiterated this limitation in the *Lifeline Reform Order*. See *Lifeline Reform Order*, 27 FCC Rcd at 6689, para. 74; 47 C.F.R. § 54.405.

¹² 47 C.F.R. § 54.410(d).

¹³ 47 C.F.R. § 54.410(a).

¹⁴ See *Lifeline Reform Order*, 27 FCC Rcd at 6691, para. 78. In June 2013, the Wireline Competition Bureau on delegated authority underscored these obligations, prohibiting ETCs from activating "a service that it represents to be Lifeline service, even on an interim basis while the consumer's application is being processed, before verifying eligibility," including that a consumer's household does not already subscribe to Lifeline service. *Lifeline and Link Up Modernization and Reform*, Order, 28 FCC Rcd 9057, 9059, para. 6 (Wir. Comp. Bur. 2013); see also 47 C.F.R. § 54.410(a).

and that the subscriber is not already receiving Lifeline service.¹⁶ As the foregoing discussion reveals, when an ETC seeks Lifeline service support reimbursement for a low-income consumer who already receives Lifeline service from that same ETC, that ETC has violated its obligation under the Commission's rules to confirm the subscriber's eligibility for Lifeline service.

6. ETCs that provide qualifying low-income consumers with Lifeline discounts file an FCC Form 497 with the Universal Service Administrative Company (USAC), either quarterly or monthly, to request support that reimburses them for providing service at the discounted rates. An ETC's FCC Form 497 documents the number of qualifying low-income customers served and the total amount of Lifeline support claimed by the ETC during the specified time period. Section 54.407(d) provides that an ETC may receive reimbursement from the Fund, however, only if it certifies as part of its reimbursement request that it is in compliance with the Lifeline rules.¹⁷ An ETC may revise its Form 497 data within 12 months after the data are submitted.¹⁸

7. In addition to reviewing claims submitted by ETCs, USAC conducts in-depth data validations (IDVs) to further ensure compliance with the Lifeline rules.¹⁹ When a company is selected for an IDV, USAC will send the company a letter requesting subscriber data for a prior month or months. Once USAC receives the company's data, it analyzes the company's subscriber information to determine whether there are any duplicate subscribers and sends the company another letter with its initial results. USAC provides the company with an opportunity to submit a revised subscriber list to correct subscriber data or to remove subscribers that are no longer receiving service. If USAC determines that a low-income consumer is the recipient of multiple Lifeline benefits from that same ETC, it will send another letter to the ETC identifying the instances of intra-company duplicative support, seek a recovery, and notify the ETC that it must commence the deenrollment process for those duplicates.²⁰

8. *i-wireless, LLC*. *i-wireless*, a North Carolina limited liability company headquartered in Newport, Kentucky, is equally owned by two members, Genie Global, Inc. and The Kroger Co., which is a large grocery retail chain.²¹ *i-wireless* has been designated an ETC and offers Lifeline service in a number of jurisdictions including, but not limited to, Illinois,²² Indiana,²³ New York,²⁴ North Carolina,²⁵ Ohio,²⁶ South Carolina,²⁷ Tennessee,²⁸ and West Virginia.²⁹

¹⁶ See 47 C.F.R. § 54.410(b), (c); see also 47 C.F.R. § 54.410(d).

¹⁷ See 47 C.F.R. § 54.407(d).

¹⁸ See *Lifeline Reform Order*, 27 FCC Rcd 6788, para. 305. Subsequent revisions, however, do not vitiate violations of an ETC's duty to verify the eligibility of the subscribers that are reflected on any of its previously filed Form 497s.

¹⁹ See *Lifeline Duplicates Order*, 26 FCC Rcd at 9026, para. 7.

²⁰ Although USAC recovers the duplicative support payments for the month at issue in the IDV examination (generally a single month), it does not at present always seek to recover the duplicative support that the ETC may have received for the same duplicates for the preceding and following months. We therefore direct USAC, when it determines that an ETC has sought support from the Fund for an intra-company duplicate, to require the ETC to report to USAC (a) the month in which the ETC began requesting and/or receiving duplicative support for each such subscriber, and (b) the month the ETC stopped requesting and/or receiving duplicative support for each such subscriber. We further require that, after receiving such information, USAC shall recover from the ETC all of the duplicative support it has received for such subscribers.

9. USAC conducted IDVs of the Lifeline support requested by i-wireless for its subscribers in the following eight states for the months specified: Ohio (October 2012); North Carolina (November 2012); Illinois (November 2012, December 2012, and January 2013 through April 2013); Tennessee (December 2012); West Virginia (December 2012); New York (January 2013); Indiana (February 2013); and South Carolina (February 2013). Based on USAC's analysis, i-wireless apparently had 1,684 individual intra-company duplicate lines for which i-wireless improperly sought Lifeline support reimbursement.³⁰ According to USAC, i-wireless requested \$24,358 in overpayments from USAC over the months covered by the IDVs.

III. DISCUSSION

10. Under Section 503(b)(1) of the Act, any person who is determined by the Commission to have willfully or repeatedly failed to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture penalty.³¹ Section 312(f)(1) of the Act defines "willful" as the "conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate" the law.³² The legislative history to Section 312(f)(1) of the Act clarifies that this definition of willful applies to both Sections 312 and 503(b) of the Act,³³ and the Commission has so interpreted the term in the Section 503(b) context.³⁴ The Commission may also

³⁰ An "intra-company duplicate line" is any line for which i-wireless sought and/or received reimbursement in violation of the Commission's one line per household rule. See 47 C.F.R. § 54.409(c). For the purposes of applying the second prong of our three-part forfeiture framework (a base forfeiture of \$5,000 per duplicate), given the unique circumstances presented by Lifeline intra-company duplicate cases involving multiple months of duplicate service, we have counted each intra-company duplicate line once, regardless of the number of months in which i-wireless sought and/or received reimbursement for that line. We account for the duration of each intra-company duplicate line (*i.e.*, the number of months that i-wireless sought compensation for each intra-company duplicate line) in the first and third prongs of our forfeiture calculation. See *infra* paras. 14-15.

³¹ See 47 U.S.C. § 503(b)(1)(B); 47 C.F.R. § 1.80(a)(1).

No. 97-765, 97th Cong. 2d Sess. 51 (1982) ("This provision [inserted in Section 312] defines the terms 'willful' and 'repeated' for purposes of section 312, and for any other relevant section of the act (e.g., Section 503) As defined[,] . . . 'willful' means that the licensee knew that he was doing the act in question, regardless of whether there was an intent to violate the law. 'Repeated' means more than once, or where the act is continuous, for more than one day. Whether an act is considered to be 'continuous' would depend upon the circumstances in each case. The definitions are intended primarily to clarify the language in Sections 312 and 503, and are consistent with the Commission's application of those terms").

³⁴ See, e.g., *So. Cal. Broad. Co.*, Memorandum Opinion and Order, 6 FCC Rcd 4387, 4388 (1991), *recons. denied*, 7 FCC Rcd 3454 (1992) (*Southern California Broadcasting*).

assess a forfeiture for violations that are merely repeated, and not willful.³⁵ “Repeated” means that the act was committed or omitted more than once, or lasts more than one day.³⁶ To impose such a forfeiture penalty, the Commission must issue a notice of apparent liability, and the person against whom the notice has been issued must have an opportunity to show, in writing, why no such forfeiture penalty should be imposed.³⁷ The Commission will then issue a forfeiture if it finds, based on the evidence, that the person has violated the Act, or a Commission Rule or Order.³⁸

11. Based on the record evidence developed in this investigation, we conclude that i-wireless apparently willfully and repeatedly violated Sections 54.407, 54.409, and 54.410³⁹ of the rules by concurrently requesting Lifeline support reimbursement for 1,684 individual intra-company duplicate lines. Based on the facts and circumstances before us, we therefore conclude that i-wireless is apparently liable for forfeiture penalties totaling \$8,753,074.

IV. PROPOSED FORFEITURE

12. For the violations at issue here, Section 503(b)(2)(B) of the Act authorizes the Commission to assess a forfeiture against a telecommunications carrier of up to \$150,000 for each violation or each day of a continuing violation, up to a statutory maximum of \$1,500,000 for a single act or failure to act.⁴⁰ In determining the appropriate forfeiture amount, we consider the factors enumerated in Section 503(b)(2)(E) of the Act, including “the nature, circumstances, extent, and gravity of the violation and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require,”⁴¹ as well as our forfeiture guidelines.⁴²

³⁵ See, e.g., *Callais Cablevision, Inc.*, Notice of Apparent Liability for Monetary Forfeiture, 16 FCC Rcd 1359, 1362, para. 10 (2001) (*Callais Cablevision*) (proposing a forfeiture for, *inter alia*, a cable television operator’s repeated signal leakage).

³⁸ See, e.g., *SBC Communications, Inc.*, Forfeiture Order, 17 FCC Rcd 7589, 7591, para. 4 (2002).

³⁹ 47 C.F.R. §§ 54.407, 54.409, 54.410; see also *supra* paras. 3–6 (discussing these rules and observing that when an ETC seeks Lifeline service support reimbursement for a low-income consumer who already receives Lifeline service from that ETC, that ETC has failed in its obligation to confirm the subscriber’s eligibility for Lifeline service in violation of the rules).

⁴⁰ See 47 U.S.C. § 503(b)(2)(B); 47 C.F.R. § 1.80(b)(2). These amounts reflect inflation adjustments to the forfeitures specified in Section 503(b)(2)(B) (\$100,000 per violation or per day of a continuing violation and \$1,000,000 per any single act or failure to act). The Federal Civil Penalties Inflation Adjustment Act of 1990, Pub. L. No. 101-410, 104 Stat. 890, as amended by the Debt Collection Improvement Act of 1996, Pub. L. No. 104-134, Sec. 31001, 110 Stat. 1321 (DCIA), requires the Commission to adjust its forfeiture penalties periodically for inflation. See 28 U.S.C. § 2461 note (4). The Commission most recently adjusted its penalties to account for inflation in 2013. See *Amendment of Section 1.80(b) of the Commission’s Rules, Adjustment of Civil Monetary Penalties to Reflect Inflation*, DA 13-1615, 2013 WL 3963800 (Enf. Bur. 2013); see also *Inflation Adjustment of Monetary Penalties*, 78 Fed. Reg. 49,370-01 (Aug. 14, 2013) (setting Sept. 13, 2013, as the effective date for the increases). However, because the DCIA specifies that any inflationary adjustment “shall apply only to violations which occur after the date the increase takes effect,” we apply the forfeiture penalties in effect at the time the violation took place. 28 U.S.C. § 2461 note (6). Here, because the violations at issue occurred before September 13, 2013, the applicable maximum penalties are based on the Commission’s previous inflation adjustment that became effective on September 2, 2008. See *Inflation Adjustment of Maximum Forfeiture Penalties*, 73 Fed. Reg. 44,663, 44,664 (July 31, 2008).

⁴¹ 47 U.S.C. § 503(b)(2)(E).

⁴² See 47 C.F.R. § 1.80(b)(8); Note to Paragraph (b)(8): Guidelines for Assessing Forfeitures.

13. If an ETC violates our rules and submits a request for Lifeline support that it knew or should have known includes ineligible subscribers, and thus requests and/or receives more reimbursement from the Fund than the amount to which it is properly entitled, it undermines the low-income support reimbursement mechanism. The Commission believes that the imposition of a significant forfeiture amount is a necessary response to Lifeline overcollection violations. Lifeline ETCs must expend the necessary company resources to ensure compliance with the Commission's Lifeline rules, especially the rules and procedures requiring that providers request and/or receive federal universal service support only for service provided to eligible consumers. Imposing a significant forfeiture on such rule violators should deter those service providers that fail to devote sufficient resources to ferreting out company practices resulting in overcollection violations. In addition, a significant forfeiture should achieve broader industry compliance with Lifeline rules that are critically important to the effective functioning of the Fund.

14. To eliminate waste, fraud, and abuse, maintain the integrity of the Fund, and protect the consumers who contribute to the Fund, the Commission has implemented a three-part forfeiture framework for Lifeline overcollection violations that imposes: (1) a base forfeiture of \$20,000 for each instance in which an ETC files an FCC Form 497 that includes ineligible subscribers in the line count, which is a violation of the certification requirement contained in Section 54.407(d) of our rules;⁴³ (2) a base forfeiture of \$5,000 for each ineligible subscriber for whom the ETC requests and/or receives support from the Fund in violation of Sections 54.407, 54.409, and 54.410 of our rules;⁴⁴ and (3) an upward adjustment of the base forfeiture equal to three times the reimbursements requested and/or received by the ETC for ineligible subscribers.⁴⁵

15. Based on the facts and record before us, we have determined that i-wireless has apparently willfully and repeatedly violated Sections 54.407, 54.409, and 54.410 of the rules.⁴⁶ As documented above, over the course of seven months, and in connection with the submission of thirteen FCC Form 497s, i-wireless requested Lifeline support reimbursement of \$24,358 for customers who were receiving more than one i-wireless Lifeline service. Accordingly, with respect to the first component of the structure articulated by the Commission, we propose a base forfeiture of \$260,000 for the submission of the FCC Form 497s that included the ineligible intra-company duplicate subscribers in the line counts. With respect to the second component, we propose a base forfeiture of \$8,420,000 based on the 1,684 individual intra-company duplicate lines for which i-wireless requested and/or received compensation from the Fund. Finally, with respect to the third component, we propose an upward adjustment of \$73,074, which is three times the amount of support i-wireless requested and/or received for ineligible consumers. We therefore conclude that a total proposed forfeiture of \$8,753,074 against i-wireless for its apparent violations of the Commission's Lifeline rules is warranted.

16. This NAL will in no way foreclose the Commission or any other governmental entity from taking additional enforcement action and imposing additional forfeitures for other violations of the Lifeline rules. Moreover, the Commission clarifies that the penalties that result from this NAL are separate from any amounts that an ETC may be required to refund to USAC in order to make the Fund whole.
