2. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree and terminating the referenced investigations regarding Purple’s and CSDVRS’ compliance with the Commission’s TRS Rules, including implementing a reasonable verification process, and submitting accurate data to the TRS Fund, Section 225 of the Communications Act of 1934, as amended (Act)<sup>2</sup>, and Sections 64.601 *et seq.* of the Commission’s rules (Rules).<sup>3</sup>

We make clear that, as the resolution of a particular dispute with the consent of both parties, this consent decree has no precedential effect on third parties.

4. In the absence of material new evidence relating to these matters, we do not set for hearing the question of Purple’s or CSDVRS’ basic qualifications to hold or obtain any Commission license or authorization.<sup>5</sup>

<sup>1</sup> ZVRS acquired Purple Communications, Inc. in February 2017.

## II. BACKGROUND

3. Internet-based TRS (iTRS) allows users with a hearing or speech disability to communicate with hearing persons via a communications assistant (CA) using an Internet Protocol-enabled device via the Internet.<sup>6</sup> There are currently three forms of iTRS—Video Relay Service (VRS), Internet Protocol Relay Service (IP Relay), and Internet Protocol Captioned Telephone Service (IP CTS). To be compensated from the TRS Fund for the reasonable costs incurred in providing service to eligible users, iTRS Providers must be certified by the Commission, provide iTRS in accordance with the TRS Rules, and submit “true and adequate data” to TRS Fund Administrator.<sup>7</sup>

4. Since May 2008, iTRS users have been required to register with an iTRS Provider to use VRS and IP Relay.<sup>8</sup> Once the iTRS Provider verifies the information the user provides during registration and obtains a Self-Certification stating that the user is eligible to use iTRS, the iTRS Provider will assign the Registered User a Ten-digit Number (TDN),<sup>9</sup> and then the iTRS Provider becomes the Registered User’s Default Provider.<sup>10</sup> The Default Provider is required to maintain the confidentiality of all registration information except where disclosure is required by law.<sup>11</sup>

5. The Commission has taken additional steps to detect and prevent waste, fraud, and abuse in the TRS Fund. For example, the Commission adopted the verification requirement to eliminate the anonymity that facilitated the misuse of IP Relay.<sup>12</sup> In 2011, the Commission made it unlawful for Providers to compensate, give preferential work schedules, or otherwise reward CAs based upon the number of VRS minutes or calls relayed.<sup>13</sup>

6. In 2013, the Commission adopted widespread reforms that imposed many new requirements on VRS Providers.<sup>14</sup> The reforms were intended to ensure that VRS continues to be

<sup>6</sup> See 47 CFR § 64.601 (a)(15).

<sup>7</sup> 47 CFR § 64.604(c)(5)(iii)(D)(I). Data submitted to the TRS Fund Administrator is also used to determine TRS Fund revenue requirements and the per-minute compensation rate. TRS Providers are also required to retain all data to support claims for payment from the TRS Fund for five years. See 47 CFR § 64.604(c)(5)(iii)(D)(7). The TRS Fund Administrator and the Commission have the authority to examine and verify TRS provider data as necessary to assure the accuracy and integrity of TRS Fund payments. 47 CFR § 64.604(c)(5)(iii)(D)(6).

<sup>9</sup> The TDN allows iTRS users to be called in the same manner that voice telephone users are called. The TDN also enables emergency calls placed by iTRS users to be routed directly and automatically to the appropriate emergency services authority or public-safety answering point (PSAP) by iTRS Providers.

<sup>10</sup> The user may choose to subsequently port his or her TDN to another iTRS provider. The new iTRS provider then becomes the user’s Default Provider and must fulfill all of the requirements of the Default Provider.

available to those who need it, while protecting the service and the TRS Fund from certain improper practices that harm both the service and the Fund. For example, to ensure that VRS registration is limited to eligible individuals with a hearing or speech disability, the Commission directed the development and implementation of a TRS User Registration Database (TRS-URD) and adopted a centralized eligibility verification requirement which required VRS Providers to collect and submit the last four digits of the Social Security number of individuals registering for VRS service.<sup>15</sup>

7. Purple is an iTRS provider based in Rocklin, California and certified by the Commission to provide VRS, IP Relay, and IP CTS.<sup>16</sup> In May 2014, the Commission issued an order which proposed an \$11.9 million fine against Purple for failing to implement a reasonable verification process and improperly billing the TRS Fund for calls associated with unverified IP Relay users in apparent violation of the *Second Internet-Based TRS Order* and Section 64.604(c)(5)(iii)(D) of the TRS Rules.<sup>17</sup> In December 2015, the Commission denied Purple's request for cancellation or reduction of the proposed forfeiture and fined Purple \$11.9 million.<sup>18</sup>

8. CSDVRS, LLC is an iTRS provider based in Clearwater, Florida and certified by the Commission to provide only VRS.<sup>19</sup> In February 2015, ZVRS Holding acquired CSDVRS. In December

In October 2014, Purple notified the Commission that, as of November 2014, the Company was terminating its provision of IP Relay. See Letter from John Cannon, Stradling Yocca Carlson & Rauth, P.C., to Marlene H. Dortch, FCC Secretary, CG Docket No. 03-123 (Oct. 15, 2014). 2015, the Bureau started an inquiry into Providers' compliance with, among other things, the obligations in the 2013 VRS Reform and iTRS Numbering Orders. The Bureau's Telecommunications Consumers Division (TCD) issued a Letter of Inquiry (LOI) to CSDVRS on December 18, 2015, and to Purple on December 30, 2015.<sup>20</sup>

9. ZVRS Holding acquired Purple on February 14, 2017.<sup>21</sup> Purple and CSDVRS will continue to offer VRS under their existing brands as wholly owned subsidiaries of ZVRS Holding until the businesses are integrated, but no more than three years from the Effective Date.

10. The Commission and ZVRS Holding negotiated the following terms and conditions of settlement and hereby enter into this Consent Decree as provided below.

### III. TERMS OF AGREEMENT

11. **Adopting Order.** The provisions of this Consent Decree shall be incorporated by the Commission in an Adopting Order.

12. **Jurisdiction.** The Companies agree that the Commission has jurisdiction over the matters contained in this Consent Decree, and has the authority to enter into and adopt this Consent Decree.

13. **Effective Date.** The Parties agree that this Consent Decree shall become effective on the Effective Date. As of the Effective Date, the Parties agree that this Consent Decree shall have the same force and effect as any other order of the Commission.

14. **Termination of Investigations.** In express reliance on the covenants and representations in this Consent Decree and to avoid further expenditure of public resources, the Commission agrees to terminate the Investigations. In consideration for the termination of the Investigations, the Companies agree to the terms, conditions, and procedures contained herein. The Parties, by and through their counsel, have agreed that this Consent Decree fully and finally resolves all issues between them arising from the Investigations and matters addressed in this Consent Decree and precludes further investigations, administrative proceedings, litigation, or enforcement action between the Bureau and the Companies on the resolved issues except for purposes of enforcing this Consent Decree.

15. Except for TRS reimbursements already recovered through this agreement, nothing in the settlement prevents the TRS Fund Administrator or the Commission from recovering any monies the Companies, the Commission, or TRS Fund Administrator determines were overpayments made to Purple or CSDVRS from the TRS Fund either before the Effective Date or during the term of this Consent Decree.<sup>22</sup>

16. **Representations and Warranties.** The Companies represent and warrant that for up to thirty-six (36) months following the Effective Date, Purple and CSDVRS will continue to operate and submit Requests for Reimbursement to the TRS Fund Administrator as separate VRS Providers, each

under its own certification. Any liability for noncompliance by either company during the period of separate operations will be deemed the liability of the company and ZVRS Holding.

17. The Companies further represent and warrant that no later than thirty-six (36) months after the Effective Date, ZVRS Holding, Purple, and CSDVRS shall file with the Commission's Consumer and Governmental Affairs Bureau (CGB) a notice of relinquishment of Purple's VRS certification, and consolidate the VRS operations of Purple and CSDVRS under the CSDVRS certification.

18. The Companies also represent and warrant they are jointly and severally liable for the payments to be made pursuant to this Consent Decree and the associated Promissory Note.

**STATEMENT OF  
COMMISSIONER MICHAEL O'RIELLY**

Re: *Purple Communications, Inc., CSDVRS, LLC; File Nos. EB-TCD-12-00000376, EB-TCD-15-00020486, EB-TCD-15-00020485*

I appreciate the opportunity to vote on this Order and Consent Decree, and I thank my colleagues for working with me to improve the items, including to make clear that Consent Decrees are not precedential or binding on third parties. I write only to note that the statute, in my view, does not clearly address the authority to issue Consent Decrees. For many years, the FCC has relied on 4(i), but I am not certain that provides direct authority. As Congress looks at potential improvements to the Communications Act, I respectfully offer this as an area where further clarity would be welcome and appreciated.
