

**STATEMENT OF  
COMMISSIONER ANNA M. GOMEZ**

Re: *Delete, Delete, Delete*, Direct Final Rule, ET Docket No. 25-133 (December 18, 2025)

I have concurred in part with two previous Direct Final Rule (DFR) items because they identified rules that have expired or are obsolete. However, even in those instances as in with this DFR, my process concerns remain. The procedure used today to erase rules adopted pursuant to notice and comment was put in place without seeking public comment on appropriate processes and guardrails. I cannot support the elimination of substantive rules pursuant to this procedure.
